At your request there is attached a memorandum summarizing known results in our Cointelpros directed against the Communist Party, USA, Socialist Workers Party, White Hate Groups, New Left and Black Extremists. ## The Attorney General

### NOTE:

The Attorney General, on 8/8/75, and the Deputy Attorney General, met with Associate Director Nicholas P. Callahan, Assistant Director W. Raymond Wannall, and Inspector John B. Hotis to discuss the request of the Senate Select Committee for the identities of sources utilized to effect Cointelpro activities. The Attorney General indicated prior to discussing this problem, which relates to the overall confidentiality of FBI sources, with Senator Church, Chairman of the Committee, he desired to be furnished information which would enable him to insure himself there were no Cointelpro activities of a scandalous or infamous nature which at a later date could cause embarrassment to the Department. The attached memorandum was prepared during the period 8/8-12/75 by personnel of the Internal Security Branch of the Intelligence Division. It represents a careful review of all Cointelpro actions where results were known. It is pointed out in the majority of authorized Cointelpro actions results were not recorded. Also, because of the wide variety of Cointelpro actions, results in many areas are not subject to measurement. For example, there is no way of determining how many individuals left the Communist Party as a result of our documented mailings relating to Soviet anti-semitism.

### COUNTERINTELLIGENCE PROGRAMS

Classified because sets forth information which, if disclosed, could compromise sensitive intelligence sources and methods.

In an effort to assess possible damage incurred by subversive and extremist organizations and individuals as a result of Counterintelligence Program (Cointelpro) activity, a current review has been made of the programs relating to the Communist Party, USA, Socialist Workers Party, White Hate Groups, New Left and Black Extremists.

The "Study Committee Report on FBI Counterintelligence Programs," prepared in May, 1974, by the Department-FBI Committee headed by former Assistant Attorney General Henry E. Petersen, tabulated 3,208 proposals for counterintelligence action during the period 1956 until all programs were discontinued on April 28, 1971. Of these, according to the Petersen report, 2,340 were reported approved and implemented and results were reported as known in 516 instances. Our current review has developed 620 instances where results of varying degrees are known. Excluding results of actions which appear to have been appropriate and proper law enforcement procedures, we have summarized results in 164 instances. In any instance where there was any question regarding the propriety of the action, doubts were resolved by preparing a summary.

For ready review, summaries of the actions in these 164 instances have been placed in categories and are attached as follows:

1. Anonymously furnishing information. (34 instances)

In July, 1964, an anonymous letter was sent to a number of individuals in the Superior, Wisconsin, area who advertised in "Tyomies-Eteenpain," a Finnish language newspaper published in Wisconsin noting the similarity of editorials in "The Worker," published by the Communist Party, USA, to alert these advertisers to the communist nature of this newspaper so they might withdraw their support.

There was no known withdrawal of support for this newspaper, but at the same time, the newspaper was applying for membership in the Superior, Wisconsin, Chamber of Commerce and their application was denied.

In December, 1969, an anonymous letter was directed to selected members of the United Klans of America, Inc. (UKA), by the Richmond Office. This letter denounced Robert H. Hudgins, Grand Dragon of Virginia, characterizing him as one interested in personal gain only. The content of the letter suggested that it had been prepared by Raymond Adams, a former UKA member, who had been banished and had been at odds with Hudgins.

The anonymous mailing resulted in continuing disruption and mistrust in certain Klan units. Hudgins' leadership was challenged. The unrest at Danville, Virginia, caused a great reduction in income for the UKA in Virginia, and affected Hudgins' salary and expenses. Information available does not indicate whether money for Hudgins' salary and expenses obtained from UKA or his employer.

Counterintelligence Programs

FBI Headquarters, in October, 1962, authorized the preparation of an anonymous mimeographed leaflet criticizing individuals and small groups with communist backgrounds who consistently attacked the United States but never took a stand against the Soviet Union. This was to be done in connection with the scheduled October 31, 1962, appearance of Herbert Eugene Aptheker, a member of the National Committee, Communist Party, USA, at the State University of New York at Buffalo (UB), as a part of a lecture series entitled "A Political Spectrum of a Contemporary World." Such individuals had been openly critical of an earlier appearance by a British fascist.

Authority was also granted to anonymously mail public source information on Aptheker to Dr. Charles Ebert, UB, a faculty member critical of the far left.

The leaflets were anonymously distributed to the local news media, the student newspaper and to 28 campus organizations and/or students.

Aptheker's scheduled speech was deferred by a last minute injunction in New York State Court. It is not known if the leaflets or letter had any bearing on the injunction. An appellate court later ruled the University had the right to invite Aptheker to speak.

In August, 1963, the FBI in Seattle, Washington, became aware that a factional problem existed in the Communist Party (CP) Northwest District as a result of the Sino-Soviet split in which the Communist Party, USA (CPUSA), supported the Soviet Union.

A Red Chinese letter stating their position in the ideological dispute was condensed; criticisms of the CPUSA pro-Soviet position were added, and an anonymous letter prepared and mailed to 25 selected CP members in the Northwest District.

The Seattle FBI Office later reported that some members of the Seattle area CP registered their disapproval with the National CP pro-Soviet position and that this contributed to some disharmony in CPUSA circles. The letter was discussed at CP state and local club levels in Seattle.

During May, 1967, a leaflet was mailed to about 40 individuals in Pittsburgh, Pennsylvania, area. Recipients were labor union leaders, churchmen, members of the American Society of Friends, and the American Legion Posts in vicinity of the residence of Arthur Edelman. Some of the recipients were associated with Edelman in promoting demonstrations against the war in Vietnam and the leaflet was designed to present the membership and leadership role of Edelman and his wife, Beth, in the Western Pennsylvania Communist Party (CP).

Arthur Edelman, after being made aware of leaflet, announced it was time to come out in the open. An informant advised that Arthur Tuden, a college instructor in Pittsburgh, who was active in the antiwar movement, commented he was considering being more circumspect in his dealings with Edelman. Subsequent to circulation of leaflet, Edelman claimed the organization Trade Unionists For Peace in Pittsburgh was on verge of collapse because of friction among its leaders.

During mid-1966, the New Orleans Office mailed a series of letters to Assistant Grand Dragon Bill Windham, Louisiana United Klans of America, Inc., in the name of a fictitious organization, The National Committee for Domestic Tranquility (NCDT), an anti-Klan group. The letters, which indicated that Windham was cooperating with NCDT, were addressed in a manner that they would be intercepted by a Klan member and furnished to another Klan leader.

Resulted in a split in Klan leadership and ultimately in Windham's resignation from the Klan.

The Philadelphia FBI Office was authorized to mail an anonymous letter to Robert Shelton, Imperial Wizard, United Klans of America (UKA), Tuscaloosa, Alabama, from a "member of the Minutemen" in Pennsylvania, urging that Shelton drop Roy Frankhouser from Ku Klux Klan leadership in Pennsylvania. This letter would also suggest that Pennsylvania authorities, although not true, were considering Frankhouser as a murder suspect at that time.

During March, 1967, Robert Shelton mentioned he had dropped Frankhouser from membership in the UKA and that he had written acknowledgment from Frankhouser of this fact.

The letter indicated Gabow had also lost the respect of adult members because of her relationship with a married man.

During August, 1968, the Los Angeles Office mailed an anonymous letter to selected faculty associates of Robert A. Nieman, an Assistant Professor at California State College and a candidate for the Peace and Freedom Party for the California Assembly. The letter ridiculed Nieman, pointing out that he was white, did not truly represent the blacks, that he had been arrested for possession of marijuana, and of his background with the Students for a Democratic Society (SDS). Nieman was very active in SDS and supported SDS in anti-Vietnam War demonstrations. His arrest record, under FBI Identification Number 274-888-G, reveals that he was arrested by the Los Angeles, California, Police Department, on 9/29/67 for violation of the Health and Safety Code (Possession of Marijuana).

Nieman lost the election, which he said he expected, but also stated that the letter had caused him much embarrassment, both at the school, where an effort was being made to remove him, and among black militants, who in some cases were being taught by him.

A leaflet entitled "Call...to Progressive-Minded America Announcing the Holding of a Conference Preliminary to the Founding Convention of a New, American Labor-Negro Vanguard Party" in November, 1961, was sent anonymously by the Newark Office to Communist Party (CP) officials throughout the country. The aim was to hinder the formation of the American Labor-Negro Vanguard Party (ALNVP) which was a project of the Harriet-Tubman Section which had already been expelled from the Communist Party, USA (CPUSA). It was also to make the Harriet-Tubman Section appear as a provocative agent of the FBI trying to raid the CPUSA of its membership and financial support.

The mailing created considerable confusion in the CPUSA, which found it necessary to warn its members through its newspaper, of the formation of the ALNVP and to warn against being taken in by this group.

During June, 1970, the Charlotte Office prepared about 100 copies of a leaflet, in the form of a news item, prepared by a reporter for Southern Vanguard Revolutionary Party, (a defunct extremist organization formed by purged Panther Jose Gonzalvez). The leaflet, sent to news services and to a number of residents in the vicinity of Black Panther Party (BPP) headquarters, Winston-Salem, North Carolina, was intended to publicize the split in the BPP group at Winston-Salem and to highlight that outside leadership has been brought to the BPP Winston-Salem. Leaflet mentioned Douglas Miranda, former BPP leader in New Haven, Connecticut, had been transferred to Winston-Salem and also attacked Larry Little, a BPP leader in Winston-Salem, as radical and insinuated he is pocketing donations obtained for BPP Breakfast for Children Program. The leaflet contained truthful information.

After distribution of this leaflet, sales of the BPP newspaper in Winston-Salem dropped considerably and respect for BPP leaders in Winston-Salem was reported to have been lost by members.

Douglas Paul Miranda was a successful leader and organizer of the Black Panther Party (BPP) during 1969 and 1970 in New Haven, Connecticut. An anonymous letter was sent to BPP Headquarters in San Francisco in March, 1970, using BPP slang alleging that Miranda had embezzled BPP funds and questioned whether his promiscuity was in the best interest of the BPP. There was no specific information known to the FBI that Miranda was, in fact, embezzling BPP funds, but allegations had been received that he was having sexual relations with numerous females in the New Haven area.

Miranda fell into disfavor with the BPP leadership and disciplinary action was taken with the approval of the national office. He was transferred to Winston-Salem, North Carolina.

On June 9, 1969, an informant advised that Michael Baynham, a Detroit Black Panther Party (BPP) member, disappeared from Detroit June 6, 1969, after taking \$150 of BPP funds. He allegedly purchased a gun with part of this money and left Detroit. The BPP was reportedly very upset over Baynham's actions.

On June 12, 1969, Lt. William McCoy, Special Investigations Bureau, Detroit, Michigan, Police Department advised that Baynham was found fatally shot that date in the hallway of Jackie Spicer's residence, 13529 Dequindre, Detroit, Michigan. Spicer was present at the time of the shooting and advised police he had committed suicide.

The Wayne County, Michigan Medical Examiner's Office subsequently advised Baynham's death could possibly have been a suicide.

On September 15, 1969, FBI Headquarters authorized Detroit Office to mail an anonymous communication to a "representative number of Detroit BPP leaders" and members and to BPP National officer, David Hilliard. This communication, mailed September 17, 1969, would question the death of BPP member "Brother Michael Baynham," who it was believed committed suicide and would raise the question of possible responsibility on the part of national BPP leaders for the suicide. The letter would also be prepared in a manner to cause suspicion that Jackie Spicer, a BPP leader in Detroit, was the author of the letter and thus cause disruption in the BPP.

On September 19, 1969, an informant advised the receipt of the letter by Detroit BPP personnel convinced them that Jackie Spicer and Anita Hartman (also BPP member) wrote the letter. As a result, Frank Meyers of the Detroit Chapter contacted BPP National Headquarters on September 18, 1969, to so advise them. As a result, Meyers was told to stay away from Spicer since she was probably a police informant and the letter had come from the police through her.

At a BPP meeting held September 18, 1969, a decision was made to confront Spicer regarding the letter and consequently, she and Anita Hartman were purged from the Detroit BPP group.

The Richmond Office of the FBI prepared an anonymous letter addressed to George Lincoln Rockwell, National Commander of the American Nazi Party (ANP) wherein it was alleged Alan Welch, Deputy Commander of the ANP, is a homosexual and had engaged in an unusual sex act with another ANP member. Further, that Welch was turning away recruits from the National Headquarters who appeared to be "too manly." A source who had furnished reliable information in the past, advised that Welch had been described by Rockwell in the past as "a reformed queer." The Richmond Office furnished this letter to the Dallas Office where it was mailed on September 23, 1965.

On November 26, 1965, Rockwell appeared at the Alexandria, Virginia, Resident Agency of the FBI with four letters he received, one of which was the above, inquiring if these letters were in violation of Federal law. Rockwell advised the above letter caused a great deal of disruption in the ANP and it cast suspicion on one of his most trusted workers, namely Welch.

In February, 1971, the Seattle Office advised that the following action was taken to discredit Michael Thomas Justesen and Clayton Van Lydegraf among their fellow New Left associates. During December, 1970, in connection with the "Seattle 3" trial, it was apparent that the defendants and their attorneys were under the impression that the Government intended to uncover other informants in addition to the one who was surfaced for testimony. (The "Seattle 3" is a name coined by news media to describe eight persons indicted by a Federal Grand Jury at Seattle, Washington, on April 16, 1970, for violation of the anti-riot law and conspiracy to destroy Government property.) Although there was general speculation that one of the defendants was a Government informant, this was not true. The Government had no other informants to uncover. Following the declaration of a mistrial in the case, an anonymous call was made to Defense Counsel Jeffrey Steinborn. (The mistrial was declared as a result of actions by a defendant who was cited for contempt.) The anonymous caller offered to help Steinborn in defense of the case but related a fear that Steinborn's phone might be bugged. Steinborn was instructed to proceed to a particular pay telephone booth directly across from the Seattle Police Department. He was observed entering the phone booth and the call was placed to him. Steinborn was advised that he was then under observation by the caller which left the impression that the call emanated from the Seattle Police Department. The caller disclosed an intention to get even with United States Attorney Stan Pitkin of Seattle, and the FBI for what they did to the Seattle Police Department. (It is noted that Pitkin handled the Government's case concerning the "Seattle 3," and also received considerable publicity in 1970 in connection with an expose of police corruption before the Federal Grand Jury.) The anonymous caller advised him that Michael Justesen and Clayton Van Lydegraf were FBI informants. (Justesen was in fugitive status at the time and Van Lydegraf's whereabouts were not known.) In reality neither was an informant. United States Attorney Pitkin was not aware of the above action.

As a result, Steinborn confronted Pitkin a few months later and warned that disclosure during any future trial that one of the defendants was actually an FBI informant would jeopardize the Government's case. Pitkin denied any knowledge that the FBI might have an undisclosed informant within the "Seattle 3." Information from other sources indicated that some persons sympathetic with the "Seattle 3" felt that Justesen was an informant. This gave further indication of the effect of the anonymous call made to Steinborn.

The letter was to question the loyalty of Lucas and his wife to the CP. It was also approved, since Lucas had been determined as the source of a series of anonymous letters to the FBI, that a number of CP members be interviewed about the letters in a way that they suspect Lucas as the writer.

Mr. Lucas and his wife were both given indefinite suspensions by the CP. However, Lucas had also been sending anonymous letters to the FBI and through interviews with CP members they became aware that Lucas was the writer of these letters. Ruth Lucas was interviewed but was uncooperative. Also, CP operations in the area were thoroughly disrupted, CP membership became disorganized, and CP sources of funds dwindled.

It was anticipated the mailing would be blamed on Breakthrough, a conservative anticommunist group in Detroit, since the communists knew a member of Breakthrough had infiltrated "The Volunteers" about three years previously and would therefore have a mailing list. It was also anticipated that this action would lead to the criticism of William Allan, a top MDCP functionary, as he sponsored the infiltrator.

Attendance at the bazaar was less than half of the previous year's attendance, and proceeds for "The Worker" were also less than half of the previous year's proceeds. The proceeds for the 1966 bazaar were \$428.00.

On May 28-30, 1966, a convention of the Northwest District, Communist Party, USA (CPUSA) was held at Seattle. The CPUSA intended this convention to be secret.

Confidential sources of the Seattle Office were made aware of this "secret" convention which resulted in considerable newspaper and television publicity given to the event. Additionally, anti-CPUSA leftists and members of the Socialist Worker's Party were invited via an FBI produced invitation. Upon appearing at the convention these people were denied admittance or expelled from the convention, thus bringing the convention into disarray.

Reporter Jack Eddy, KIRO-TV, one of the newsmen confidentially advised of the convention, and his cameraman, were recommended for a raise as a result of their outstanding news coverage of the CPUSA convention and the general manager of the station indicated that he was interested in nominating Eddy's coverage for a Sigma Delta Chi award for excellence in television reporting the next time such awards were to be granted.

On April 2, 1969, the Pittsburgh Office furnished information regarding David Owens to Sherley Uhl of the "Pittsburgh Press" newspaper. Owens, a candidate for Pittsburgh City Council and an employee of the Urban League, was arrested March 30, 1969, following a gun battle between Detroit police and members of the Republic of New Africa (RNA). Since Owens was on bond in Pittsburgh following involvement in a shooting incident with Pittsburgh police, it was hoped Uhl's disclosure would cause Owens' bond to be revoked. Also, the Pittsburgh Office furnished this same information to an informant of that office.

Information furnished to Mr. Uhl resulted in unfavorable publicity for Owens as a City Council candidate. The information furnished to the informant resulted in Owens' losing his Urban League job.

1. Citizens for Constitutional Rights (CCR) letter dated August 1, 1963, which announced Wilkinson's appearance October 13, 1963, at above meeting.

They were asked whether the newspapers could comment in view of their interest and Wayne State University's policy of not allowing communist organizations the use of any of its campus buildings. They all replied they had no knowledge of this situation, whereupon the telephone calls were immediately terminated.

Shortly after the placing of the anonymous telephone calls, Mr. Homer Strong, Director of McGregor Conference Center, Wayne State University, and Director of Alumni Relations, Wayne State University, telephonically contacted the Detroit Office. He advised the University had been approached by the "Detroit Times" newspaper and asked if the scheduled lecture for October 21, 1960, was a communist meeting. Mr. Strong pointed out that a check of "Who's Who in America" determined that Harvey O'Connor was listed as an author and to have been connected with a number of "anti-organizations" and "civil rights groups."

The speech appearance was cancelled by officers of Wayne State University. The cancellation caused consternation amongst the Communist Party (CP), which was sponsoring the meeting, and Helen Winter, CP Headquarters, sought an injunction. Wayne Circuit Judge George E. Bowles granted the injunction and ordered Wayne State University to permit the meeting. The meeting was held October 21, 1960, at Wayne State University and about 100 persons attended.

The informant, a black, claimed to have been ignored by Dobbs and raised the issue that he engaged in discrimination against blacks in Southern California District CP. The claim was made at a Southern California District CP Negro Commission meeting, and a tape recording made of the meeting.

Dobbs apologized to the informant. The above tape recording was played to the CP District Board members and caused internal dissension between Board members. Some maintained the taped meeting was designed to discredit Dobbs and was staged by Board member Bill Taylor. Taylor, in turn, was angry at the other Board members.

He stated that in the past he had been contacted by FBI Agents at which time he had not been fully cooperative. He wanted to now advise the FBI that he no longer believed in communism or the Communist Party (CP) and had nothing to do with communists for the past five years. When asked what prompted his visit at this time, he stated that Oliver Brooks, Vice President of the University Circle Development Foundation, had requested his resignation effective October 1, 1964. Cooperman added the reason given by Brooks was that it had come to their attention that Cooperman, in the past, had used an assumed name. Cooperman admitted to Brooks that this was so and Brooks then went on to explain that the Foundation, which was attempting to raise a large sum of money, could not risk unfavorable publicity as the result of the activities of employees.

In February, 1965, an anonymous mailing was sent to three ministers (Dr. James H. Laird, Reverend Charles E. Lutton, and Reverend Norman E. Dewise) associated with the Methodist Church, 25 E. Adams Street, Detroit, Michigan. This mailing enclosed a newspaper clipping depicting Nikita Khrushchev and Herbert Aptheker, a high Communist Party, USA (CPUSA) official, at a dinner of Elizabeth Gurley Flynn, late CPUSA Chairman, in Moscow. The purpose of this mailing was to alert church officials of Aptheker's CPUSA affiliation and his appearance at this church would be discouraged or cancelled.

Herbert Aptheker speaker's appearance at this church was not advertised in weekly church bulletin as is customary. As a result, attendance at talk was poor and collection taken was insufficient to meet expenses of the affair.

On July 22, 1964, FBI Headquarters authorized anonymous communication to decedent's son-in-law John Henninger containing public source data relating to the communist backgrounds of the executor, attorney and witnesses to the will of Stochmal in effort to persuade Stochmal's surviving relatives to contest the will, thereby thwarting bequests to "Glos Ludowy" and "The Worker."

Subsequently, Mr. Henninger advised FBI he had received certain anonymous material concerning communist connections of executor, etc. On October 6, 1964, Henninger advised that the family was contesting the Stochmal will.

An entry in the Cuyahoga County Probate Court records (Ohio), dated August 16, 1965, revealed the court authorized executor to pay the surviving spouse the widow's allowance (one-third of estate). The estate at such time was valued at \$12,000.

In January, 1967, a confidential source in the Tax Assessor's Office, Brevard County, Florida, was contacted by the FBI to cause an early tax assessment to be scheduled for properties owned by Richland Agency, a Communist Party (CP) investment group. The assessment rate on the local parcel owned by Richland Agency rose a total of \$191,560 between 1966 and 1967, which should have resulted in an increased tax of \$4,997 from 1966 to 1967. It is unknown whether these taxes exactly amounted to \$4,997 or whether they were, in fact, paid.

The San Francisco Federal Bureau of Investigation (FBI) Office learned through an informant that Dolores Berg, common-law wife of Delmar Berg, nominal head of the Stanislaus County, California, Communist Party (CP), had made a complaint to the County Sheriff's Office that Howard Keylor, head of the CP in San Joaquin County, had committed two acts of sexual intercourse with her 16-year-old daughter, Antoinette Marie Romo, in April, 1962. Although the matter had been referred to the Stockton, California, Police Department, no action had been taken as Dolores Berg had not signed a complaint at the Police Department. The daughter did admit to the Sheriff's Office that the intercourse occurred. In May, 1962, the San Francisco FBI Office contacted Sheriff Dan Kelsay, Stanislaus County Sheriff's Office, to have his office attempt to convince Dolores Berg to sign a formal complaint with the Stockton Police Department.

Dolores Berg signed a complaint, as a result of which on May 28, 1962, Howard Keylor was arrested on a charge of Statutory Rape and was incarcerated. The arrest notice was published on May 29, 1962, in the "Stockton Daily Record," a local newspaper.

The victim failed to appear in court on May 29, 1962, and the charge was dismissed for reason of lack of direct evidence. Keylor was released.

As a result of the above action and/or attendant publicity, Howard Keylor was suspended from the Communist Party.

On May 26, 1970, the Philadelphia Office sent a letter to the national headquarters of the Black Panther Party (BPP) bearing an excellent facsimile of the signature of Jonathan Pinkett, a former BPP official in Philadelphia who was expelled on May 19, 1970, after falling out with the BPP leadership in Philadelphia. The letter accused the members of the BPP in Philadelphia of stealing clothing, food and drugs collected for poor children. All of the accusations in the letter were true.

Subsequent to the letter being sent to the headquarters of the organization, several chapter members were given disciplinary transfers. Headquarters had to send other members to the chapter in Philadelphia to straighten out the local situation.

The minister of a church in the area gave a sermon denouncing communism and announced that the DCA was opening an office in the neighborhood. Businessmen in the area refused to publicize the opening of the DCA. Only nine persons attended the DCA open house.

The Boston Office in October, 1966, furnished to a confidential source public source information relating to the communist plans to open a new bookstore in Boston known as the "Frederick Douglass Books" and the fact that Edward Teixiera, Communist Party (CP) District Organizer, will be directing the activities of the store.

As a result, the October 23, 1966, issue of the "Boston Sunday Herald" contained a photograph showing the store being picketed by members of the American Veterans Committee protesting the use of the name of the 19th Century Negro abolitionist, Frederick Douglass, for the store where Marxist books are being sold.

The "Boston Herald" issue of October 22, 1966, contained an article captioned "Red Bookstore Opens." The article featured a photograph of Edward Teixiera. The article describes Teixiera as a member of the CP by his own admission. Teixiera denied any connection between the store itself and the Party.

As a result of the notoriety achieved regarding the opening of the bookstore, Teixiera was furious and expressed great displeasure. Teixiera subsequently advised a source that the failure of the store to be the success envisioned by the CP of New England can be blamed on the adverse publicity given to the store at its opening.

A press release by the SAC, Detroit FBI Office, in June, 1968, of the Director's testimony concerning the New Left was made at the time of the SDS National Convention. This release was well received and several State Legislators, after visiting the SDS Convention site at Michigan State, severely criticized University officials for allowing SDS to utilize the campus. As a further result, the Michigan State Legislature, in late June, 1968, passed a resolution to the effect that state universities which permitted disruption (which occurred during the National SDS Convention) will suffer appropriation cuts in proportion to the number of students permitted to disrupt state university campuses.

SAMUEL ADASON JAFFE  
INFORMATION CONCERNING

MDR-16  
CLASSIFIED BY SP2AUMK  
DECLASSIFY ON: 25X 16

On August 13, 1975, a former Special Agent of the FBI advised that he was interviewed by a representative of the Senate Select Committee on Intelligence Operations (SSCIO) concerning allegations by Samuel Adason Jaffe that vindictive actions taken by the FBI have prevented him from obtaining or keeping a job in the news media field. According to the SSCI representative, Jaffe reported that he had a pleasant relationship with Special Agents of the FBI during the time he had furnished information regarding Soviet intelligence matters; however, he detected a coolness of these FBI Agents towards him after his return from Hong Kong in 1968. He attributed this coolness to his being "fingered" by Soviet defector Oleg V. Penkovskiy, who allegedly reported that he saw Jaffe's name on a piece of paper on the desk of a Soviet intelligence officer. Upon learning this, the FBI felt that Jaffe was a double agent. Since his return from Hong Kong he cannot hold a job and believes the FBI is the cause of his predicament. The former Special Agent of the FBI advised that the SSCI representative told him he is looking into this matter to determine if Jaffe's statements are true and to determine if some controls could be created so that the FBI could not be vindictive in similar situations. c

Oleg V. Penkovskiy is a former Colonel in the Soviet intelligence services (SIS) who had cooperated with the West. He was arrested and tried in the Soviet Union in 1963 and reportedly was executed. c

Jaffe, a former correspondent for ABC and CBS television networks, was an informant of our New York Office from 1958 to 1961. During this period he furnished extensive information on his numerous contacts with Soviet nationals whom he met through his assignment as a CBS correspondent at the United Nations, New York, New York. In 1961 he was assigned to Moscow, USSR, as a correspondent for ABC and served there until he was expelled in 1965 following his reporting of information unfavorable to the Soviet Union. He thereafter was transferred to Hong Kong where he served until 1968. According to information from a former SIS officer currently residing in the West, Jaffe in about 1961, while in Moscow, was recruited by the Committee for State Security (KGB). Our investigation regarding this allegation has failed to either substantiate or refute this allegation. Jaffe, however, in 1963 reported to our New York Office that while in Moscow, he was approached in what he considered an attempt at recruitment by the SIS. During interviews with Jaffe he denied any overt acts helpful to the KGB, although he admitted a continuing relationship with several KGB officers.

[No information is contained in the files of the FBI indicating Jaffe was ever reported on by Colonel Penkovskiy.]  
With regard to his employment difficulties, this matter was the subject of discussion with Jaffe on several occasions after his return from Hong Kong in 1968, when he explained to Special Agents in contact with him that he was experiencing difficulty in finding a job and his concern that his association with the FBI was the reason for this difficulty. On every occasion he was assured that the FBI had not disclosed his confidential relationship with the FBI. Jaffe in 1969 advised that he had learned from a British intelligence service contact in Hong Kong that his recall from that city by ABC was caused

The files of the FBI were reviewed to determine if Jaffe's allegations had any foundation in fact and no information was contained therein supporting this allegation. His observations concerning the change of attitude of FBI personnel in dealing with him to one of coolness can be accounted for on the basis of information received from the Soviet intelligence officer alleging his recruitment by the KGB. Our relationship with him thereafter was circumspect and undoubtedly he detected a change in the Agents' attitude. ✓

Whatever employment difficulties may have been encountered by Jaffe did not arise out of any action taken by the FBI. ✓

INTERVIEW OF SPECIAL AGENT EARL M. PETERSEN  
BY SSC STAFF MEMBER

Special Agent (SA) Earl M. Petersen was interviewed at the San Diego office of the Federal Bureau of Investigation (FBI) on July 31, 1975, by U. S. Senate Select Committee (SSC) Staff Member Lester Seidel. The interview began at 10:05 A.M. and ended at 11:35 A.M. Assistant Special Agent in Charge (ASAC) Arthur G. Barger was available nearby for consultation. He was not consulted during the interview.

Prior to the interview, SA Petersen had been advised by San Diego FBI officials that FBI Headquarters had waived the employee agreement not to furnish information for the purpose of this interview. He was advised that he had a right to counsel but that the FBI was unable to provide private counsel for him.

SA Petersen was advised that he would not be required to answer questions that might divulge the identity of any FBI source; that would reveal information relative to sensitive methods and techniques; or information which originated with other agencies, including foreign intelligence agencies.

SA Petersen was advised that the interview was to involve only the COINTELPRO as it applied to the Black Panther Party (BPP) (see appendix).

INTERVIEW OF SA EARL M. PETERSEN

Staff Member Lester Seidel identified himself to SA Petersen and stated that he was not warning SA Petersen of his rights as the interview was such that such a warning was not required. He advised SA Petersen that he did not have to talk to him and that any information furnished was on a voluntary basis. He stated that information furnished to him would be handled with discretion.

Mr. Seidel: Were you in charge of the COINTELPRO in San Diego from March, 1968 through October, 1968?

SA Petersen: This was possible but the dates the program was assigned to me are not recalled.

Mr. Seidel: What was the name of the squad to which you were assigned at that time?

SA Petersen: The Security Squad.

Mr. Seidel: Who did the squad investigate? Was it groups such as US, Inc. (see appendix) and the BPP?

SA Petersen: Yes, such groups as US, Inc., the BPP, and the Nation of Islam (NOI) (see appendix).

Mr. Seidel: And possibly splinter groups?

SA Petersen: Yes, groups that would form and disband and which could possibly be called splinter groups.

INTERVIEW OF SA EARL M. PETERSEN  
BY SSC STAFF MEMBER

Mr. Seidel: How long have you been in the Bureau?

SA Petersen: Twenty-four years as of June 25, 1975.

Mr. Seidel: Where have you been assigned?

SA Petersen: In Boston, Baltimore, New York, Tampa, and San Diego.

Mr. Seidel: The Bureau has indicated that you were a coordinator of the COINTELPRO in San Diego. As such, what were your duties?

SA Petersen: The duties for the most part consisted of preparing letters to the Bureau asking for authority to take some specific action in the program; awaiting the reply from the Bureau; and then, if any action was taken, to advise the Bureau of the results of such action. It is noted that many of the requests to take specific action were turned down by the Bureau.

Mr. Seidel: Were you the focal point of the program?

SA Petersen: Yes, in the sense that any idea for action to be taken in the program was transmitted to the Bureau for approval by me and if approval was received, it would be related to whomever had suggested the activity. I would then report any results to the Bureau.

Mr. Seidel:

Did you get heavy pressure from Bureau officials to take action in this program?

SA Petersen:

Not any more than any other case, and I had a number of other cases assigned to me at the time the COINTELPRO was assigned to me.

Mr. Seidel:

What type of things did you do?

SA Petersen:

I do not recall at this time any specific action taken in the program. I do recall that a Black Panther leader, Walter Wallace, was removed as leader of the party in San Diego. I believe it was suspected that he might have cooperated with the FBI. This could have been accomplished by interviewing him where the interview could be seen by other party members. If the Agents shook his hand, smiled, and acted like he was a friend, it might plant the seed of suspicion in the minds of other BPP members. I do not recall specifically whether this happened but at any rate, Wallace was not trusted and was removed as leader of the party.

Mr. Seidel:

Could such a thing get Wallace killed or injured?

U. S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF SA EARL M. PETERSEN

---

SA Petersen:

I do not see how it would because there would be no way anyone could determine whether or not Wallace was, in fact, cooperating with the FBI. He was probably removed by the BPP as a precautionary measure. I cannot recall whether or not Wallace was removed while I was coordinator of the program.

Mr. Seidel:

Was COINTELPRO successful?

SA Petersen:

I was not too impressed with its success in San Diego while I had it assigned to me because it was a new program and it took some time to get it established and working. Most of the success was probably due to information obtained regarding criminal violations, mostly local in nature, which was furnished to local law enforcement officers, causing the arrest of BPP members. This would have been done whether or not we had a COINTELPRO. It was necessary to prepare a letter to the Bureau asking authority to take action and then wait for a reply authorizing the activity. Many times suggested COINTELPRO activity suggestions would be turned down.

Mr. Seidel made available Xerox copies of Bureau letters captioned, "Counter-Intelligence Program; Black Nationalist - Hate Groups," dated August 25, 1967 and March 4, 1968. These were read by SA Petersen, who said he could not specifically recall reading the letters.

Mr. Seidel: Was contact with the police formal or informal?

SA Petersen: Contact was personal or telephonic contact and at one time, information furnished to individual officers was confirmed by letter to the Chief of Police. It is not recalled if this was the policy during the time COINTELPRO was assigned to me.

Mr. Seidel: What happened to SA Roy Burns?

SA Petersen: He was transferred to the Butte, Montana Field Office.

Mr. Seidel: Did he do anything wrong? I understand Agents were sometimes transferred to Butte as a disciplinary measure.

SA Petersen: SA Burns wanted to be transferred to Butte and requested the transfer. The Special Agent in Charge (SAC), Mr. Evans, was transferred there and may have helped SA Burns get moved there.

Mr. Seidel: How old is Bob Baker?

SA Petersen: Probably 51 or 52 years old.

Mr. Seidel: Were the BPP and US, Inc. both violence oriented groups?

SA Petersen: Very definitely. There was extreme friction between the BPP and US, Inc. at all times.

Mr. Seidel: Do you recall some caricatures used in connection with COINTELPRO?

SA Petersen: Yes.

Mr. Seidel: Who had the program at that time?

SA Petersen: I believe SA Burns had it then.

Mr. Seidel: What were the cartoons?

SA Petersen: I recall seeing them but do not recall any specific cartoon.

Mr. Seidel: Do you think anything done in COINTELPRO could have had a reaction causing someone to kill an individual in the other group? \

SA Petersen: Because of the extreme antagonism between the two groups, anything we did would have had about the same effect as a gnat biting an elephant. I do not think COINTELPRO had that kind of impact. \

SA Petersen: No. I don't recall anything like that being done here.

Mr. Seidel: How would you feel about writing a letter to a wife saying her husband was sleeping with various other women if the husband was a BPP leader?

SA Petersen: I would hesitate to do this because it might break up a family. If the facts were true and this might cause the BPP leader to be less effective, it would probably be a good counter-intelligence move.

Mr. Seidel: I am referring to Page 91 of a BPP COINTELPRO summary which indicates that a BPP leader was living with a white girl and an anonymous letter was written to others in the BPP saying that this individual was living with a white girl. Do you recall anything about that?

SA Petersen (continued): Diego was teaching children to hate and kill police officers. They planned violent criminal acts and were making plans to take over the established government at the first opportunity. If a leader of such a group could be discredited and removed, it would help to keep the group from becoming stronger, as they would have to select a new leader, and he would have to get the group reorganized. Denmon had many additional weaknesses which could be used in a counter-intelligence program.

Mr. Seidel: Do you recall a letter being sent to BPP Headquarters saying a leader of the BPP was cooperating with the police in Los Angeles?

SA Petersen: I do not recall such a letter.

Mr. Seidel: Do you recall some cards being sent to San Diego from Los Angeles saying, "Ron Karenga is impotent"?

SA Petersen: No, I do not recall such cards. Ron Karenga was a leader of US, Inc., not the BPP.

Mr. Seidel: Do you recall that cartoons were to be sent to BPP members to discredit the leaders?

Mr. Seidel:

Knowing that the BPP paper was a paper that taught and advocated violence and had cartoons in it that encouraged the killing of police officers by blacks and was a violence oriented paper, how would you feel about putting a corrosive liquid on the paper to keep it from being distributed?

I would not do it as I would feel that it was a violation of the law and too drastic. I would not do it personally or personally approve of it.

## APPENDIX

### BLACK PANTHER PARTY Formerly Known As Black Panther Party for Self-Defense

The Black Panther Party (BPP), organized in December, 1966, at Oakland, California, by Huey P. Newton and Bobby George Seale, has the publicly-stated purpose of organizing black people to take control of the life, politics and destiny of the black community. The Party, operating the Black Panther Intercommunal News Service, publishes a newspaper called "The Black Panther," which at one time openly advocated the use of guns and guerrilla tactics in a revolutionary program to end the oppression of the black people but since early 1971 has spoken for a survival program pending revolution. BPP national headquarters, aka Black Panther Intercommunal Headquarters, is located in Oakland, California.

While openly advocating direct overthrow of the U. S. Government by force and violence until 1971, leaders have since avoided extreme statements in favor of calling for action within the established order. Newton, in an interview appearing in the May, 1973, issue of "Playboy" magazine, stated the Panthers' chief ambition is to change the American Government by any means necessary but that ultimately such change will be through armed violence.

Despite its claimed dedication to community service, indicators of the BPP's continued attraction to violence persist. Since July, 1974, Newton and other BPP members have been arrested in Oakland, California, for threatening police officers, murder of a 17-year-old female and the pistol whipping of Newton's tailor. Newton failed to appear on these charges and is now a local fugitive. Additionally, one died and three were wounded as a result of a shooting at a BPP-sponsored dance in Oakland, California, in October, 1974.

APPENDIX

"US"

Also Known As  
"US", Incorporated

"US" was chartered by the State of California as a non-profit corporation in September, 1966, with offices at 8211 South Broadway, Los Angeles, California. The corporation alleges that "US" is primarily an Afro-American cultural organization.

During the spring of 1968, however, a source advised that MAULANA RON KARENGA, true name RONIE MC KINLEY EVERETT, Founder-Chairman of "US", published a booklet entitled "The Quotable Karenga", in which he talked of revolution, black power, and condemned Christianity for the plight of the black man.

In this booklet, KARENGA stated "...You must have a cultural revolution before the violent revolution. The cultural revolution gives identity, purpose, and direction. ...The revolution being fought now is a revolution to win the minds of our people. If we fail to win this, we cannot wage the violent one. ...When the word is given, we'll see how tough you are. When it's 'burn', let's see how much you blow up. And when it's 'take that white girl's head too', we'll see how tough you are..."

The above source advised that "US" members are required to study and memorize this booklet. "US" members are also assigned Swahili names which they use in lieu of their given names.

A second source advised that KARENGA had spoken at various meetings in Los Angeles at which time he talked of creating an "US" army of 1,000 men, obtaining weapons and ammunition, guerrilla warfare tactics, and revolution. KARENGA also stated "The only way to get life is to take a life and as we get stronger, we will take what we want from the white man's United States." He also stated that if the police killed any "US" members, the "US" organization would kill some of them.

APPENDIX CONTINUED

The first source above advised that KARENGA also stated that race riots throughout the country were not riots but were actually revolts or revolutions and that the black people were going to win their freedom by violence, if necessary.

A third source advised that KARENGA stated that a revolution would take place in the future and that no one can believe in black revolution without believing in armed conflict because the two go hand in hand.

A fourth source advised in August, 1974, that the US Organization has been evicted from its headquarters at 4302 South Crenshaw Boulevard, Los Angeles, and because of lack of funds, has been unable to locate a new meeting place. The organization has terminated all public meetings.

APPENDIX

Revised 5/22/75

NATION OF ISLAM (NOI)  
CHARACTERIZATION OF SUBVERSIVE ORGANIZATION  
EXTREMIST MATTER

The Nation of Islam (NOI) is a black nationwide organization headquartered at Muhammad's Temple #2, 7351 South Stony Island Avenue, Chicago, Illinois. Elijah Muhammad, self-styled "Messenger of Allah" and divinely appointed leader of the black race in America, was leader of the NOI until his death on February 25, 1975, at which time his son, Wallace D. Muhammad, became Supreme Minister of the NOI. The NOI seeks a separate black nation, espouses its own version of the Islamic Religion, and has considered all "whites" to be devils; however, Wallace D. Muhammad in an interview published in "Muhammad Speaks", March 21, 1975, same being a weekly and the official NOI newspaper, stated there would no longer be stress put on the white people's status as "devils"; that whites have "begun to reform" and "The past is the past until it is dug up. We will not dig it up." NOI official policy instructs members to obey laws of the United States that do not conflict with NOI laws; to defend NOI officials, property, women, and themselves at all costs, if attacked; and to disarm any attacker and use the attacker's weapon against him.

The NOI body is broken down into: 1) the Fruit of Islam (FOI), an all male military-type group, to which instruction in judo and karate is given, and which has as its mission security of officials, membership, and property of the NOI, and enforcing discipline in the NOI; and 2) the Muslim Girls Training (MGT), an all female quasi military-type group which has as its mission homemaking and child guidance in accordance with NOI teachings.

NOI activity is widespread among black inmates in many prisons in the United States. In recent years internal dissidence and difficulties with rival Muslim groups and other adversaries have produced considerable violence, some involving physical confrontations and acts of violence with law enforcement agencies.

*of* By communication dated July 30, 1975, Clarence M. Kelley, Director, Federal Bureau of Investigation (FBI), United States Department of Justice, advised as follows concerning an interview by representative of the Senate Select Committee (SSC) and Special Agent (SA) Lawrence F. Wirick, concerning Counterintelligence Program (COINTELPRO) and Bureau investigation of the Black Panther Party (BPP) (see Appendix page). Director Kelley stated as follows:

"I have waived your employment agreements for purposes of these interviews. Each should note that he has the right to counsel; however, the FBI is unable to provide private counsel. There are certain privileged areas concerning which SAs would not be required to answer questions. Areas concern information which might divulge identities of FBI sources; information relating to sensitive methods and techniques; information which might adversely affect on-going FBI investigations; and information which originated with other agencies, including foreign intelligence agencies."

INTERVIEW OF SPECIAL AGENT  
(SA) LAWRENCE F. WIRICK BY  
SSC STAFF MEMBER

---

On July 31, 1975, at 11:45 a.m. Mr. Lester Seidel of the United States Senate Select Committee (SSC) interviewed SA Lawrence F. Wirick at the San Diego Office of the FBI. No Advice of Rights was furnished SA Wirick and it was not necessary for the interviewee to consult with an FBI representative. The interview was terminated at 12:50 p.m. and as best recalled included the following discussion in the form of questions and answers:

Seidel: You understand that this is an informal interview and is in connection with the Bureau's COINTELPRO as it relates to the FBI investigation of the BPP?

Wirick: Yes, but for what purpose is the Senate conducting this survey?

Seidel: To aid in formation of new legislation so that the FBI and other Government agencies will have more definite guidelines to follow.

Wirick: I believe the Congress already through lack of information, isolated instances and some hysteria has enacted too many restrictive laws that prevent the FBI and other Government agencies from protecting the law abiding element of our society from the "bad guys".

Seidel: (He was in general agreement) Did you handle the COINTELPRO from 1970 through March, 1971?

Wirick: Yes, but I believe the BPP ceased to function locally about November or December, 1970. As I recall my function was to write a progress type letter regarding progress which described the illegal activities of members of the BPP and to report that this information had been furnished local police agencies but information generally emanated from confidential informants.

Seidel: What type of illegal activities and did your program in any way instigate illegal activities on the part of the BPP?

Wirick: Criminal acts committed by local members of the BPP are what I was referring to. I don't believe it was ever necessary to instigate any illegal acts or in any way entrap BPP members in criminal acts. The majority of local BPP members were thieves, narcotics addicts, lazy, unemployed and were hero worshipers of the BPP in Oakland, California. They wanted to emulate the Oakland organization, but their own dishonesty, et cetera, was a constant source of turmoil amongst the local group.

I recall, date unknown, information was received regarding Kenny Denmon (Kenneth Lee Denmon), one time head of the local BPP, that he was using stolen credit cards.

Information was received that Walter Wallace (Walter Carl Wallace, Jr.) was on narcotics and that he and his wife, Velma, were stealing to get money for narcotics and that Velma's mother was also involved in local thefts.

All above information was furnished local law agencies and local arrests were made. Furnishing the above type of information is a function and responsibility of the FBI.

INTERVIEW OF SPECIAL AGENT

---

The BPP in San Diego was very effective in causing their own problems and their own extinction and their criminal activities were not restricted to the examples I've given.

Seidel: Did the COINTELPRO try to disrupt the BPP Breakfast Program?

Wirick: No, not to my knowledge. I recall that soon after the Breakfast Program was started that other members of the BPP accused Ken Denmon of stealing money from contributions made to the Program.

On second thought I believe we did disrupt the BPP Breakfast Program in that we received complaints from several dairys and bread companies, et cetera, that they had been approached by BPP members with veiled threats of extortion if they did not donate quantities of food, et cetera, to the BPP Breakfast Program. The FBI and local police investigated and I believe as a result their practices were discontinued, but the investigation failed to establish a prosecutable offense of extortion.

Seidel: Did you have any connection with distribution of "cartoons" depicting BPP members as compromising each other, et cetera?

Wirick: No, but I have seen "cartoons" in the BPP newspaper. Have you ever seen or read copies of the BPP newspaper?

Seidel: No

UNITED STATES SENATE

---

Wirick: They featured "cartoons" showing the "pigs" (police) being killed, stabbed, et cetera. I believe I recall seeing some "cartoons" showing how the BPP would kill the "honkies" (white people). They were similar to the propaganda leaflets used by the Nazis against American troops before an attack. The articles in the BPP newspaper were even more foul.

Seidel: Did the COINTELPRO promote dissension between the BPP and the US Group (see Appendix page)?

Wirick: Not to my knowledge. As I recall there was never any need to. They were constantly at odds with each other and on a gang type basis were trying to eliminate each other. I believe Sylvester Bell, a San Diego BPP member was killed by an US Group member and John Savage, another local BPP member was killed by an US Group member.

In Los Angeles two other BPP members, names not recalled, were allegedly killed by US Group members. I believe this led to the popular saying in Southeast San Diego section where most blacks live that the score (game) was, "US 4 - BPP 0".

Seidel: What do you think of the merits of a proposal to spray shipments of the BPP newspaper with a noxious acid so that readers would be confronted with a vile odor when attempting to read the paper?

UNITED STATES SENATE  
SELECT COMMITTEE ON  
INTELLIGENCE ACTIVITIES  
(SSC)

INTERVIEW OF SPECIAL AGENT  
(SA) LAWRENCE F. WIRICK BY

- Wirick: After thought, no. Because the paper itself was so vile and anti-white that the odor would never stop BPP members from reading same. I've always hoped that a large segment of the population, especially the "do-gooders" could or would experience the nauseous reaction I have felt after reading the illiterate, foul-mouthed, anti-white, anti-Government, BPP paper. I think everybody should read a copy of the BPP paper so that they will know the type and character of BPP members.
- Seidel: What do you think about anonymous letters sent to spouses of BPP members saying the husband was sleeping with a white girl, et cetera?
- Wirick: Most wives of the members I recall were also BPP members and/or common-law-wives. Many BPP members did have liaison with white girls but I doubt if such a letter would bother most spouses of BPP members. However, such a letter might be of value under certain circumstances, example: the stories that were spread during World War II which were not necessarily all true regarding Hitler, Mussolini, General Patton and others.
- Seidel: In your opinion was the COINTELPRO of any value? Should it be changed? Do you have any suggestions for changes, or should it be eliminated completely?
- Wirick: Yes, as I recall, it acted as a progress letter of the BPP, its direction, its dissension, its change in leadership, and indications of its slow local demise because of the character of the local BPP members, and as a summary of its activities for FBIHQ. I recall that

UNITED STATES SENATE

INTERVIEW OF SPECIAL AGENT  
(SA) LAWRENCE F. WIRICK BY  
SSC STAFF MEMBER

we made certain requests to conduct some types of counterintelligence against the BPP, but I do not recall that the Bureau ever authorized any counterintelligence act which might be productive.

Change? COINTELPRO is not being utilized to the best of my knowledge and has not been for some time.

I believe that in about two or three years Congress will be frantically asking the FBI why we did not furnish them intelligence, advance knowledge of a demonstration, a riot and other civil unrest and elimination of the COINTELPRO has been another step in the direction of placing the FBI and other law enforcement agencies in a position where we cannot react to the activities of groups such as the BPP which have been formed with the main purpose of overthrowing the United States.

BLACK PANTHER PARTY  
Formerly Known As  
Black Panther Party for Self-Defense

The Black Panther Party (BPP), organized in December, 1966, at Oakland, California, by Huey P. Newton and Bobby George Seale, has the publicly-stated purpose of organizing black people to take control of the life, politics and destiny of the black community. The Party, operating the Black Panther Intercommunal News Service, publishes a newspaper called "The Black Panther," which at one time openly advocated the use of guns and guerrilla tactics in a revolutionary program to end the oppression of the black people but since early 1971 has spoken for a survival program pending revolution. BPP national headquarters, aka Black Panther Intercommunal Headquarters, is located in Oakland, California.

While openly advocating direct overthrow of the U. S. Government by force and violence until 1971, leaders have since avoided extreme statements in favor of calling for action within the established order. Newton, in an interview appearing in the May, 1973, issue of "Playboy" magazine, stated the Panthers' chief ambition is to change the American Government by any means necessary but that ultimately such change will be through armed violence.

Despite its claimed dedication to community service, indicators of the BPP's continued attraction to violence persist. Since July, 1974, Newton and other BPP members have been arrested in Oakland, California, for threatening police officers, murder of a 17-year-old female and the pistol whipping of Newton's tailor. Newton failed to appear on these charges and is now a local fugitive. ENCLOSURE

62-116395-611

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Staff Member Seidel identified himself to Mr. Baker, stating that the interview would be in the form of an informal discussion and that information furnished by Mr. Baker would be placed in a memorandum for the SSC. Mr. Seidel stated that he did not intend to use the names of individuals interviewed in his memorandum. He stated that Mr. Baker did not have to talk to him, and that any information he furnished would be furnished voluntarily.

Mr. Seidel asked if Mr. Baker was a supervisor with the San Diego Office of the FBI from sometime in 1968 through April, 1971.

Mr. Baker advised that he was a supervisor of the security squad but could not recall if the dates mentioned by Mr. Seidel were correct.

Mr. Seidel inquired as to the nature of matters supervised by him, to which Mr. Baker replied that matters such as investigation of the Communist Party (see appendix), the Socialist Workers Party (see appendix), the Black Panther Party, US, Incorporated (see appendix), the Nation of Islam (see appendix), Espionage, Sabotage matters, and other investigations were conducted on the squad supervised by him, which consisted of from 12 to 15 Special Agents.

Mr. Seidel inquired as to whether Mr. Baker supervised the COINTELPRO.

Mr. Baker advised that he did supervise this program which was initiated by FBI Headquarters and not on the field office level. He stated that as he recalled, a letter was submitted either monthly, quarterly or semi-annually. The letter was submitted by a Special Agent whose case load was such that he could take the time to prepare the letter.

Mr. Seidel inquired as to whether Special Agent Roy Burns was more of a young, eager, type Agent.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Baker replied that this was not true but that Special Agent Burns had been assigned the COINTELPRO case because his case load was such that he was able to handle the program.

Mr. Seidel inquired whether Special Agent Roy Burns was transferred to the Butte Office of the FBI for disciplinary reasons.

Mr. Baker replied that Special Agent Burns was originally from Washington State and had wanted to be transferred to that area.

Mr. Seidel asked if the Bureau encouraged Agents to participate in disruptive programs and then rewarded them financially for their efforts.

Mr. Baker replied that the Bureau had an incentive award program, and if an Agent did a good job in any field, he could get recognition through an incentive award. Mr. Baker stated that he could not recall any award being given as a result of COINTELPRO activity.

Mr. Seidel asked Mr. Baker if he could recall any information concerning the Free Breakfast Program of the BPP.

Mr. Baker stated that he recalled that the operation of the Free Breakfast Program of the BPP was followed through sources. They advised that some of the BPP officials were stealing money from funds which were to be spent on the breakfast program. The breakfast program was served at a local Catholic church. Mr. Baker advised Mr. Seidel that an official of the Catholic church in San Diego was contacted regarding the priest in charge of the church where the breakfast program was being held, who was reportedly an alcoholic. Mr. Seidel was advised that the priest was transferred from the church.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel asked what Mr. Baker's definition of the COINTELPRO was.

Mr. Baker replied that the COINTELPRO was a disruptive type program.

Mr. Seidel stated that the FBI had apparently written a letter regarding a white girl friend of Kenneth Denman, a BPP leader in San Diego. He inquired as to why this letter was written.

Mr. Baker stated that Denman was considered one of the stronger leaders of the San Diego Branch of the BPP, and if it was possible to keep him from becoming a strong leader, it would be disruptive to the party. The fact that Denman was living with a white girl was considered derogatory toward him by BPP members in San Diego.

Mr. Seidel inquired as to whether such activity would have been taken against a leader in an organization such as the Southern Christian Leadership Conference (SCLC) (see description) if the leader of such a group had been living with a white woman. Would such a letter be appropriate?

Mr. Baker replied that he did not feel that such a letter would be appropriate in this case because this organization involved a religious leader and our program was not directed at religious groups but was directed toward black militant and extremist groups.

Mr. Seidel inquired as to whether Mr. Baker recalled individuals in the BPP named Tate, Wallace, Denman and Bell.

Mr. Baker stated that he could not recall anything specific about any of these individuals, except what he had previously stated concerning Denman. He said he could recall the names but nothing more concerning these individuals.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then mentioned an incident wherein the San Diego Office of the FBI had furnished information to the Los Angeles Office of the FBI for transmission to local authorities concerning a group of BPP members from San Diego who were traveling to Los Angeles to attend a funeral.

Mr. Baker stated that he could recall that such an incident occurred and that information was furnished stating that BPP members from San Diego would be carrying concealed weapons. He said he thought the furnishing of this information resulted in some of the BPP members being arrested in Los Angeles.

Mr. Seidel inquired as to whether Mr. Baker could recall someone from the FBI in San Diego visiting the mother of a girl who was an alleged member of the BPP in San Diego, and whether the FBI went to the mother to put pressure on another member of the family.

Mr. Baker stated that he vaguely recalled such a case but could not recall the details and could not be certain this had occurred.

Mr. Seidel inquired as to whether the FBI had any technical surveillances on the BPP in San Diego.

Mr. Baker stated that he knew of none and added that such coverage was not needed in San Diego because there were good sources in the BPP who could furnish excellent coverage. Mr. Baker stated that he believes he would have known of any such installations covering the BPP in San Diego.

Mr. Seidel asked if Mr. Baker knew of San Francisco using any such techniques against the BPP.

Mr. Baker replied that he believed that San Francisco had used such techniques.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then asked why such techniques were not used in San Diego if they were used in San Francisco.

Mr. Baker replied that such techniques were not needed in San Diego due to the good source coverage of party activity.

Mr. Seidel inquired as to whether there was a conflict between US, Incorporated, and the BPP in San Diego.

Mr. Baker replied that US, Incorporated, headquarters were in Los Angeles. There was a power struggle between the two groups for membership of blacks and much travel occurred by US, Incorporated, leaders from Los Angeles to San Diego and Mexico, and from San Diego to Los Angeles. There were considerable conflict between the two groups.

Mr. Seidel asked whether Mr. Baker recalled Ron Karenga.

Mr. Baker replied that he did recall Ron Karenga as being the Los Angeles leader of US, Incorporated.

Mr. Seidel asked whether Mr. Baker recalled some cards stating "Ron Karenga is impotent" which were printed in Los Angeles and some of which might have been sent to San Diego.

Mr. Baker replied that he does not recall these cards but this could have been correct.

Mr. Seidel asked if Mr. Baker recalled some cartoons being drawn concerning the BPP.

Mr. Baker stated that he recalled that there were two or three cartoons prepared depicting strife between US, Incorporated, and the BPP.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then stated that these cartoons were prepared by the Bureau Laboratory.

Mr. Baker stated that he did not recall.

Mr. Baker advised Mr. Seidel that US, Incorporated, and the BPP were led by and made up of people with extensive criminal records, and because of this and their general demeanor, the FBI did not really have to provoke or disrupt them because they kept themselves in a constant state of turmoil. He stated that Special Agents connected with the COINTELPRO did not devote much time to the program because of heavy case loads of other matters and because they assisted in working criminal matters such as bank robberies and other criminal violations.

Mr. Baker advised Mr. Seidel that a great deal of time was spent by the Special Agents working with their sources because they had to be extremely careful that they were protected. If a crime was planned and a source had knowledge of it, the source would try to keep the crime from being committed. If it was not possible to prevent the crime, the source might be forced to participate, and if arrested, a problem would be created in attempting to get the source out of jail and still conceal his identity as a source.

Mr. Seidel inquired of Mr. Baker as to the names of the Agents he dealt with in Los Angeles and San Francisco in connection with COINTELPRO.

Mr. Baker stated that he recalled that Supervisor Albert Clark had something to do with the program in San Francisco, and in Los Angeles he dealt with Supervisor Richard Bloeser and Bill Knowland.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel asked Mr. Baker if he was acquainted with Richard Held.

Mr. Baker stated that Richard Held was assigned as Assistant Special Agent in Charge in San Diego, and he knew him at that time. He stated that he is aware that Richard Held is now the Special Agent in Charge of the Chicago Office of the FBI.

Mr. Seidel stated to Mr. Baker that he was going to interview Assistant Director Robert Gebhardt and Special Agent in Charge Charles W. Bates.

This concluded the interview of former Special Agent Robert S. Baker by SSC Staff Member Lester Seidel.

The Southern Christian Leadership Conference (SCLC) was an organization founded by Dr. Martin Luther King, Jr., with the theme of new life for poor people. Dr. King, a leader in civil rights, was assassinated on April 4, 1969.

## APPENDIX

### BLACK PANTHER PARTY Formerly Known As Black Panther Party for Self-Defense

The Black Panther Party (BPP), organized in December, 1966, at Oakland, California, by Huey P. Newton and Bobby George Seale, has the publicly-stated purpose of organizing black people to take control of the life, politics and destiny of the black community. The Party, operating the Black Panther Intercommunal News Service, publishes a newspaper called "The Black Panther," which at one time openly advocated the use of guns and guerrilla tactics in a revolutionary program to end the oppression of the black people but since early 1971 has spoken for a survival program pending revolution. BPP national headquarters, aka Black Panther Intercommunal Headquarters, is located in Oakland, California.

While openly advocating direct overthrow of the U. S. Government by force and violence until 1971, leaders have since avoided extreme statements in favor of calling for action within the established order. Newton, in an interview appearing in the May, 1973, issue of "Playboy" magazine, stated the Panthers' chief ambition is to change the American Government by any means necessary but that ultimately such change will be through armed violence.

Despite its claimed dedication to community service, indicators of the BPP's continued attraction to violence persist. Since July, 1974, Newton and other BPP members have been arrested in Oakland, California, for threatening police officers, murder of a 17-year-old female and the pistol whipping of Newton's tailor. Newton failed to appear on these charges and is now a local fugitive. Additionally, one died and three were wounded as a result of a shooting at a BPP-sponsored dance in Oakland, California, in October, 1974.

APPENDIX

COMMUNIST PARTY, USA

Title 50, U. S. Code, Section 781 (Internal Security Act of 1950) stated that, as a result of evidence adduced before various committees of the Senate and House of Representatives, Congress found the existence of a world communist revolutionary movement, whose purpose is to establish a communist totalitarian dictatorship in the world's countries through the medium of a world-wide communist organization. Communist action organizations in various countries endeavor to carry out the objectives of the world communist movement by bringing about the overthrow of existing governments by any means. The communist organization in the United States - the Communist Party, USA (CPUSA) - pursuing its stated objectives, presents "a clear and present danger to the security of the United States." The Subversive Activities Control Board, established by Section 791 of the above Act, found the CPUSA to be a communist action organization. This finding was upheld by the United States Supreme Court in June, 1961. The CPUSA has continued to be an arm of the international communist movement dominated by the Soviet Union. The CPUSA, in its dependence on the Soviet Union, has never knowingly adopted a position contrary to Soviet policy. Its leaders frequently confer with Soviet leaders to receive guidance and direction on the policies the CPUSA is to follow. There has been no evidence that the primary aims of the CPUSA, as they conform to Soviet objectives, have changed over the years.

NATION OF ISLAM (NOI)  
CHARACTERIZATION OF SUBVERSIVE ORGANIZATION  
EXTREMIST MATTER

The Nation of Islam (NOI) is a black nationwide organization headquartered at Muhammad's Temple #2, 7351 South Stony Island Avenue, Chicago, Illinois. Elijah Muhammad, self-styled "Messenger of Allah" and divinely appointed leader of the black race in America, was leader of the NOI until his death on February 25, 1975, at which time his son, Wallace D. Muhammad, became Supreme Minister of the NOI. The NOI seeks a separate black nation, espouses its own version of the Islamic Religion, and has considered all "whites" to be devils; however, Wallace D. Muhammad in an interview published in "Muhammad Speaks", March 21, 1975, same being a weekly and the official NOI newspaper, stated there would no longer be stress put on the white people's status as "devils"; that whites have "begun to reform" and "The past is the past until it is dug up. We will not dig it up." NOI official policy instructs members to obey laws of the United States that do not conflict with NOI laws; to defend NOI officials, property, women, and themselves at all costs, if attacked; and to disarm any attacker and use the attacker's weapon against him.

The NOI body is broken down into: 1) the Fruit of Islam (FOI), an all male military-type group, to which instruction in judo and karate is given, and which has as its mission security of officials, membership, and property of the NOI, and enforcing discipline in the NOI; and 2) the Muslim Girls Training (MGT), an all female quasi military-type group which has as its mission homemaking and child guidance in accordance with NOI teachings.

NOI activity is widespread among black inmates in many prisons in the United States. In recent years internal dissidence and difficulties with rival Muslim groups and other adversaries have produced considerable violence, some involving physical confrontations and acts of violence with law enforcement agencies.

APPENDIX

SOCIALIST WORKERS PARTY

The Socialist Workers Party (SWP) is a revolutionary, Trotskyist-communist organization, which is headquartered in New York City. Its purpose, as stated in its Declaration of Principles, is the overthrow of the U. S. Government and the institution of a dictatorship of the working class and the eventual achievement of a communist society. It was founded in 1938 and maintains close association with international Trotskyist organizations as a "sympathizing" group, but it denies formal membership in any foreign group to escape application of the Voorhis Act, which regulates certain types of organizations subject to foreign control. While the SWP does not openly advocate the use of violence at the present time to overthrow the U. S. Government, it believes that eventual violent revolution in the U. S. is inevitable. Its objection to the current use of violence is based on the ground that it believes violence is premature at this time. The SWP seeks to precipitate a revolution when conditions are ripe and to seize control of the revolution and to direct it when it occurs.

APPENDIX

"US"  
Also Known As  
"US", Incorporated

"US" was chartered by the State of California as a non-profit corporation in September, 1966, with offices at 8211 South Broadway, Los Angeles, California. The corporation alleges that "US" is primarily an Afro-American cultural organization.

During the spring of 1968, however, a source advised that MAULANA RON KARENGA, true name RONIE MC KINLEY EVERETT, Founder-Chairman of "US", published a booklet entitled "The Quotable Karenga", in which he talked of revolution, black power, and condemned Christianity for the plight of the black man.

In this booklet, KARENGA stated "...You must have a cultural revolution before the violent revolution. The cultural revolution gives identity, purpose, and direction. ...The revolution being fought now is a revolution to win the minds of our people. If we fail to win this, we cannot wage the violent one. ...When the word is given, we'll see how tough you are. When it's 'burn', let's see how much you blow up. And when it's 'take that white girl's head too', we'll see how tough you are..."

The above source advised that "US" members are required to study and memorize this booklet. "US" members are also assigned Swahili names which they use in lieu of their given names.

A second source advised that KARENGA had spoken at various meetings in Los Angeles at which time he talked of creating an "US" army of 1,000 men, obtaining weapons and ammunition, guerrilla warfare tactics, and revolution. KARENGA also stated "The only way to get life is to take a life and as we get stronger, we will take what we want from the white man's United States." He also stated that if the police killed any "US" members, the "US" organization would kill some of them.

APPENDIX CONTINUED

The first source above advised that KARENGA also stated that race riots throughout the country were not riots but were actually revolts or revolutions and that the black people were going to win their freedom by violence, if necessary.

A third source advised that KARENGA stated that a revolution would take place in the future and that no one can believe in black revolution without believing in armed conflict because the two go hand in hand.

A fourth source advised in August, 1974, that the US Organization has been evicted from its headquarters at 4302 South Crenshaw Boulevard, Los Angeles, and because of lack of funds, has been unable to locate a new meeting place. The organization has terminated all public meetings.

Attached New York teletype advises of information, from former Bureau Agent, who is a current informative asset, that the Senate Select Committee on Intelligence Operations (SSCIO) has become aware of Jaffe's allegations that the FBI has taken actions which have prevented him from obtaining or keeping a job in the news media field. Jaffe claims that his association with Bureau Agents with regard to Soviet intelligence matters cooled off after he was identified by a Soviet defector as cooperating with Soviet Intelligence and that the FBI has since deprived him from making a living in his profession. The SSCIO is looking into Jaffe's situation to determine if his allegations are true and if the FBI can be prevented from taking such actions in other similar situations. **C**

BACKGROUND:

Jaffe is a former correspondent for ABC and CBS who was a symbol number informant of the New York Office from 1958 to 1961. During this period, he furnished information on his numerous contacts with Soviet nationals whom he met through his assignment as a CBS correspondent at the United Nations. In 1961, he joined ABC as its correspondent in Moscow where he served until he was expelled in 1965 following the publication of an article unfavorable to the Soviet Union. He was then transferred to Hong Kong where he remained until 1968. Since 1968, he has worked for various news media and has acted as a free lance journalist. Following his return from Hong Kong, he took up residence in Washington, D. C., and was in contact with the Washington Field Office, furnishing information on Soviets and Chinese nationals whom he met in the course of his employment.

Memorandum to Mr. W. R. Wammall  
Re: Samuel Adason Jaffe  
105-28333

Soviet defector ["Sammy"] has advised that Jaffe was recruited by the KGB, in about 1962 while he was in Moscow, through his relationship with a Soviet female. [Soviet defector "Shamrock" has confirmed that Jaffe was approached but does not believe the approach was successful.] Jaffe reported to the New York Office in 1963 what he interpreted as a recruitment effort, and he was extensively reinterviewed in 1969 concerning his association with KGB officers in Moscow. [There is no information in Jaffe's file that he was ever reported on by Col. Penkovskiy, as Jaffe reportedly has claimed.] During the interviews with Jaffe, he denied any overt acts helpful to the KGB, although he admitted a continuing relationship with several KGB officers. Both the New York and Washington Field Offices came to the conclusion that Jaffe was a KGB agent while in Moscow, but that there was doubt as to whether he continued in that role after he was expelled.

Our relations with Jaffe were tempered by ["Sammy's"] allegation, and Bureau Agents in contact with him were circumspect in any dealings with him thereafter. Jaffe very likely detected a change in the Agents' attitude which accounts for his statement that he felt his relationship with them had cooled off.

There is no evidence contained in Jaffe's file that either New York or Washington Field or the Bureau has ever taken any action which would affect Jaffe's livelihood. Following his return from Hong Kong, Jaffe told his handling Agents that he was experiencing difficulty in finding a job. He several times mentioned his concern that his association with the FBI might be the reason. On each occasion, he was assured that the FBI had never divulged his confidential relationship and would not do so any time in the future.

Jaffe's file does disclose that during an interview with Washington Field Agents in 1969, he said that he had learned from a British Intelligence contact in Hong Kong that his recall from that city was caused by his refusal to cooperate with CIA. He also related that he later mentioned this to a CIA contact in Washington who responded that the British

His file also records that Jaffe told New York Agents in 1969 that a recently published book on the Council of Foreign Relations described him as having a subversive background. He was also described in the book as being a member of the American League for Peace and Democracy. Jaffe connected the appearance of this book with his then recent recall from Hong Kong by ABC.

U. S. SENATE SELECT COMMITTEE ON INTELLIGENCE  
ACTIVITIES (SSC); INTERVIEW OF ASSISTANT  
DIRECTOR IN CHARGE (ROBERT E. GEBHARDT) BY  
SSC STAFF MEMBER

On August 7, 1975, Assistant Director Robert E. Gebhardt, Los Angeles Division, was interviewed in the Los Angeles FBI Office by Mr. Lester Seidel, Staff Member of the Senate Select Committee, United States Senate.

Gebhardt's rights were not explained to him by Seidel although Seidel did explain the purpose of the interview, that is, the Cointel Program of the FBI as it related to the FBI's investigation of the Black Panther Party when Gebhardt was the Special Agent in Charge of the San Francisco Division from 1970 to 1972.

The interview lasted from 9:05 AM until 10:30 AM, and it was not necessary for Gebhardt to consult with any Bureau representative.

Gebhardt had previously been advised by a Bureau representative of his right to counsel, the privileged areas of information, consultation privileges, and the parameters of interview.

Seidel inquired at the outset as to whether Gebhardt was aware of the Cointel Program relative to the Black Panther Party investigation on a day to day basis being specifically advised details of the investigation as it relates to the Cointel Program. It was explained to Seidel that as Special Agent in Charge of the San Francisco FBI Office wherein over 500 employees were located at the time, Gebhardt had many responsibilities in the operation of that division and

therefore, relied upon the experience, expertise, and judgment of the various supervisors assigned to the office for the day to day direction of the various matters under investigation, including the investigation of the Black Panther Party.

It was further explained that if a problem was encountered or a particularly unusual situation developed, Gebhardt was, of course, consulted and was available for such consultation to resolve any particular problem areas.

Gebhardt was next asked if he recalled being SAC when the electronic coverage of the Black Panther Party and the various officials at BBP was instituted and eventually terminated. Seidel was advised that the electronic coverage was already in effect upon Gebhardt's arrival, however, he does recall receiving a phone call after the "Keith Decision" was handed down instructing that all electronic coverage of the BPP and the various members of the BPP be discontinued. The call was received from Bureau Headquarters and the discontinuance was effected immediately.

Seidel inquired as to whether Gebhardt felt the intelligence type investigations should be completely removed from the criminal investigations which investigations would be looking toward eventual prosecution.

Seidel was informed by Gebhardt that even in criminal investigations looking toward prosecutions, much intelligence information is obtained from time to time which really has no value from a prosecutive standpoint, but does have possible value with respect to the direction of the investigation. In some criminal investigations a great deal of intelligence information may be obtained and in other types, very little. Insofar as the FBI is concerned, however, every effort is made to make certain there is some Federal law which would be a basis for an investigation which procedures would include matters commonly referred to as security investigations.

In some instances, in such security investigations a great deal of intelligence information would be obtained therefore, it was Gebhardt's opinion that so-called intelligence type investigations should not be removed from or differentiated from criminal type investigations looking toward prosecutions since intelligence information is an outgrowth of the basic investigation.

Gebhardt was asked if he felt the Cointelpro was a separate entity distinguished from the basic investigation and it was explained that the Cointelpro was a phase of the overall investigation in any particular organization or individual.

Gebhardt was asked if he felt Congress should enact legislation which would set forth specific investigative techniques that could or could not be utilized by the FBI or other Federal investigative agencies. He was advised in Gebhardt's opinion, such legislation should not be enacted, and in reply to the question as to why such legislation should not be enacted, it was pointed out that as an investigative agency, there must of necessity be allowed a certain flexibility because no two investigations are exactly alike and the circumstances of such investigations could possibly not be related to such Federal law.

In answer to the question as to how Congress should assure the American public that questionable activity such as the Cointelpro, was not being engaged in by an investigative agency such as the FBI, Seidel was informed that the Congress and the American people must rely upon the integrity and honesty of the Director of the FBI and the Attorney General.

It was pointed out that both the Director of the FBI and the Attorney General are nominated by the President, hearings are held before the various Congressional Committees and finally approved by the Senate. It was further pointed out that Director Kelley has recently stated in connection with the publicity relative to Cointelpro, that he has no intention of permitting this program to be reinstated in the FBI and if circumstances ever arose which circumstances he could not contemplate at this time, wherein it was thought such activities should be embarked upon, he would obtain the personal approval of the Attorney General prior to such instituting. Seidel was informed that Gebhardt was in total agreement with this statement of Mr. Kelley.

Gebhardt was asked as to what his feelings were relative to what the relationship should be between the FBI and Congress. He was informed that a Senate Oversight Committee was recently established and it was felt that this was a good start and that this Committee should formalize and

standardize their oversight responsibilities and make regular inquiries of the Director and other officials of the FBI as to our activities. He was informed that there should be either a joint oversight committee between the House and Senate or if the Congress decided on two oversight Committees in both the House and Senate, these committees should be the entities through which all information relative to the activities of the FBI should flow.

It was emphasized however, that there should be regular consultation between these representatives and the FBI.

Inquiry was made as to Gebhardt's opinion relative to the relationship between the Department of Justice and the FBI and Seidel was informed the relationship, in Gebhardt's opinion, is excellent, should continue, and there should be a free flow of information between the FBI and the Department of Justice.

At the conclusion of the interview, Gebhardt summed up his comments by stating that Congress should definitely set up a structured oversight procedure of the activities of the FBI with due regard to the confidentiality of many of the FBI operations and investigations and must assure itself that the members of the Committee and its staff will maintain the confidentiality where necessary.

Secondly, in the areas of investigative matters usually referred to as national defense, national security or intelligence operations, all of the FBI investigations must be based on the application of the facts toward a particular Federal statute and if the facts are so oblique that they cannot be clearly applied to a particular Federal statute, consultation with the Department of Justice should be had in all instances.

The interview began at 10:30 AM and lasted until 12:30 PM. Assistant Special Agent in Charge (ASAC) Arthur G. He was advised that he had a right to counsel but that the FBI was unable to provide private counsel for him.

Former Special Agent Baker was advised that he would not be required to answer questions that might divulge the identity of any FBI source, that would reveal information relative to sensitive methods and techniques, or information which originated with other agencies, including foreign intelligence agencies.

Former Special Agent Baker was advised that the interview was to involve only the COINTELPRO as it applied to the Black Panther Party (BPP) (see appendix). *destroyed*

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Staff Member Seidel identified himself to Mr. Baker, stating that the interview would be in the form of an informal discussion and that information furnished by Mr. Baker would be placed in a memorandum for the SSC. Mr. Seidel stated that he did not intend to use the names of individuals interviewed in his memorandum. He stated that Mr. Baker did not have to talk to him, and that any information he furnished would be furnished voluntarily.

Mr. Seidel asked if Mr. Baker was a supervisor with the San Diego Office of the FBI from sometime in 1968 through April, 1971.

Mr. Baker advised that he was a supervisor of the security squad but could not recall if the dates mentioned by Mr. Seidel were correct.

Mr. Seidel inquired as to the nature of matters supervised by him, to which Mr. Baker replied that matters such as investigation of the Communist Party (see appendix), the Socialist Workers Party (see appendix), the Black Panther Party, US, Incorporated (see appendix), the Nation of Islam (see appendix), Espionage, Sabotage matters, and other investigations were conducted on the squad supervised by him, which consisted of from 12 to 15 Special Agents.

Mr. Seidel inquired as to whether Mr. Baker supervised the COINTELPRO.

Mr. Baker advised that he did supervise this program which was initiated by FBI Headquarters and not on the field office level. He stated that as he recalled, a letter was submitted either monthly, quarterly or semi-annually. The letter was submitted by a Special Agent whose case load was such that he could take the time to prepare the letter.

Mr. Seidel inquired as to whether Special Agent Roy Burns was more of a young, eager, type Agent.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Baker replied that this was not true but that Special Agent Burns had been assigned the COINTELPRO case because his case load was such that he was able to handle the program.

Mr. Seidel inquired whether Special Agent Roy Burns was transferred to the Butte Office of the FBI for disciplinary reasons.

Mr. Baker replied that Special Agent Burns was originally from Washington State and had wanted to be transferred to that area.

Mr. Seidel asked if the Bureau encouraged Agents to participate in disruptive programs and then rewarded them financially for their efforts.

Mr. Baker replied that the Bureau had an incentive award program, and if an Agent did a good job in any field, he could get recognition through an incentive award. Mr. Baker stated that he could not recall any award being given as a result of COINTELPRO activity.

Mr. Seidel asked Mr. Baker if he could recall any information concerning the Free Breakfast Program of the BPP.

Mr. Baker stated that he recalled that the operation of the Free Breakfast Program of the BPP was followed through sources. They advised that some of the BPP officials were stealing money from funds which were to be spent on the breakfast program. The breakfast program was served at a local Catholic church. Mr. Baker advised Mr. Seidel that an official of the Catholic church in San Diego was contacted regarding the priest in charge of the church where the breakfast program was being held, who was reportedly an alcoholic. Mr. Seidel was advised that the priest was transferred from the church.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel asked what Mr. Baker's definition of the COINTELPRO was.

Mr. Baker replied that the COINTELPRO was a disruptive type program.

Mr. Seidel stated that the FBI had apparently written a letter regarding a white girl friend of Kenneth Denman, a BPP leader in San Diego. He inquired as to why this letter was written.

Mr. Baker stated that Denman was considered one of the stronger leaders of the San Diego Branch of the BPP, and if it was possible to keep him from becoming a strong leader, it would be disruptive to the party. The fact that Denman was living with a white girl was considered derogatory toward him by BPP members in San Diego.

Mr. Seidel inquired as to whether such activity would have been taken against a leader in an organization such as the Southern Christian Leadership Conference (SCLC) (see description) if the leader of such a group had been living with a white woman. Would such a letter be appropriate?

Mr. Baker replied that he did not feel that such a letter would be appropriate in this case because this organization involved a religious leader and our program was not directed at religious groups but was directed toward black militant and extremist groups.

Mr. Seidel inquired as to whether Mr. Baker recalled individuals in the BPP named Tate, Wallace, Denman and Bell.

Mr. Baker stated that he could not recall anything specific about any of these individuals, except what he had previously stated concerning Denman. He said he could recall the names but nothing more concerning these individuals.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then mentioned an incident wherein the San Diego Office of the FBI had furnished information to the Los Angeles Office of the FBI for transmission to local authorities concerning a group of BPP members from San Diego who were traveling to Los Angeles to attend a funeral.

Mr. Baker stated that he could recall that such an incident occurred and that information was furnished stating that BPP members from San Diego would be carrying concealed weapons. He said he thought the furnishing of this information resulted in some of the BPP members being arrested in Los Angeles.

Mr. Seidel inquired as to whether Mr. Baker could recall someone from the FBI in San Diego visiting the mother of a girl who was an alleged member of the BPP in San Diego, and whether the FBI went to the mother to put pressure on another member of the family.

Mr. Baker stated that he vaguely recalled such a case but could not recall the details and could not be certain this had occurred.

Mr. Seidel inquired as to whether the FBI had any technical surveillances on the BPP in San Diego.

Mr. Baker stated that he knew of none and added that such coverage was not needed in San Diego because there were good sources in the BPP who could furnish excellent coverage. Mr. Baker stated that he believes he would have known of any such installations covering the BPP in San Diego.

Mr. Seidel asked if Mr. Baker knew of San Francisco using any such techniques against the BPP.

Mr. Baker replied that he believed that San Francisco had used such techniques.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then asked why such techniques were not used in San Diego if they were used in San Francisco.

Mr. Baker replied that such techniques were not needed in San Diego due to the good source coverage of party activity.

Mr. Seidel inquired as to whether there was a conflict between US, Incorporated, and the BPP in San Diego.

Mr. Baker replied that US, Incorporated, headquarters were in Los Angeles. There was a power struggle between the two groups for membership of blacks and much travel occurred by US, Incorporated, leaders from Los Angeles to San Diego and Mexico, and from San Diego to Los Angeles. There were considerable conflict between the two groups.

Mr. Seidel asked whether Mr. Baker recalled Ron Karenga.

Mr. Baker replied that he did recall Ron Karenga as being the Los Angeles leader of US, Incorporated.

Mr. Seidel asked whether Mr. Baker recalled some cards stating "Ron Karenga is impotent" which were printed in Los Angeles and some of which might have been sent to San Diego.

Mr. Baker replied that he does not recall these cards but this could have been correct.

Mr. Seidel asked if Mr. Baker recalled some cartoons being drawn concerning the BPP.

Mr. Baker stated that he recalled that there were two or three cartoons prepared depicting strife between US, Incorporated, and the BPP.

U.S. SENATE SELECT COMMITTEE  
ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel then stated that these cartoons were prepared by the Bureau Laboratory.

Mr. Baker stated that he did not recall.

Mr. Baker advised Mr. Seidel that US, Incorporated, and the BPP were led by and made up of people with extensive criminal records, and because of this and their general demeanor, the FBI did not really have to provoke or disrupt them because they kept themselves in a constant state of turmoil. He stated that Special Agents connected with the COINTELPRO did not devote much time to the program because of heavy case loads of other matters and because they assisted in working criminal matters such as bank robberies and other criminal violations.

Mr. Baker advised Mr. Seidel that a great deal of time was spent by the Special Agents working with their sources because they had to be extremely careful that they were protected. If a crime was planned and a source had knowledge of it, the source would try to keep the crime from being committed. If it was not possible to prevent the crime, the source might be forced to participate, and if arrested, a problem would be created in attempting to get the source out of jail and still conceal his identity as a source.

Mr. Seidel inquired of Mr. Baker as to the names of the Agents he dealt with in Los Angeles and San Francisco in connection with COINTELPRO.

Mr. Baker stated that he recalled that Supervisor Albert Clark had something to do with the program in San Francisco, and in Los Angeles he dealt with Supervisor Richard Bloeser and Bill Knowland.

ON INTELLIGENCE ACTIVITIES (SSC)

INTERVIEW OF FORMER SPECIAL AGENT  
ROBERT S. BAKER BY SSC STAFF MEMBER

Mr. Seidel asked Mr. Baker if he was acquainted with Richard Held.

Mr. Baker stated that Richard Held was assigned as Assistant Special Agent in Charge in San Diego, and he knew him at that time. He stated that he is aware that Richard Held is now the Special Agent in Charge of the Chicago Office of the FBI.

Mr. Seidel stated to Mr. Baker that he was going to interview Assistant Director Robert Gebhardt and Special Agent in Charge Charles W. Bates.

This concluded the interview of former Special Agent Robert S. Baker by SSC Staff Member Lester Seidel.

The Southern Christian Leadership Conference (SCLC) was an organization founded by Dr. Martin Luther King, Jr., with the theme of new life for poor people. Dr. King, a leader in civil rights, was assassinated on April 4, 1969.

---

On July 31, 1975, at 11:45 a.m. Mr. Lester Seidel of the United States Senate Select Committee (SSC) interviewed SA Lawrence F. Wirick at the San Diego Office of the FBI. No Advice of Rights was furnished SA Wirick and it was not necessary for the interviewee to consult with an FBI representative. The interview was terminated at 12:50 p.m. and as best recalled included the following discussion in the form of questions and answers:

Seidel: You understand that this is an informal interview and is in connection with the Bureau's COINTELPRO as it relates to the FBI investigation of the BPP?

Wirick: Yes, but for what purpose is the Senate conducting this survey?

Seidel: To aid in formation of new legislation so that the FBI and other Government agencies will have more definite guidelines to follow.

Wirick: I believe the Congress already through lack of information, isolated instances and some hysteria have enacted too many restrictive laws that prevent the FBI and other Government agencies from protecting the law abiding element of our society from the "bad guys".

Seidel: (He was in general agreement) Did you handle the COINTELPRO from 1970 through March, 1971?

Wirick: Yes, but I believe the BPP ceased to function locally about November or December, 1970. As I recall my function was to write a progress type letter regarding progress which described the illegal activities of members of the BPP and to report that this information had been furnished local police agencies but information generally emanated from confidential informants.

Seidel: What type of illegal activities and did your program in any way instigate illegal activities on the part of the BPP?

Wirick: Criminal acts committed by local members of the BPP is what I was referring to. I don't believe it was ever necessary to instigate any illegal acts or in any way entrap BPP members in criminal acts. The majority of local BPP members were thieves, narcotics addicts, lazy, unemployed and were hero worshipers of the BPP in Oakland, California. They wanted to emulate the Oakland organization, but their own dishonesty, et cetera, was a constant source of turmoil amongst the local group.

I recall, date unknown, information was received regarding Kenny Denmon (Kenneth Lee Denmon), one time head of the local BPP, that he was using stolen credit cards.

Information was received that Walter Wallace (Walter Carl Wallace, Jr.) was on narcotics and that he and his wife, Velma, were stealing to get money for narcotics and that Velma's mother was also involved in local thefts.

All above information was furnished local law agencies and local arrests were made. Furnishing the above type of information is a function and responsibility of the FBI.

INTERVIEW OF SPECIAL AGENT

The BPP in San Diego was very effective in causing their own problems and their own extinction and their criminal activities were not restricted to the examples I've given.

Seidel: Did the COINTELPRO try to disrupt the BPP Breakfast Program?

Wirick: No, not to my knowledge. I recall that soon after the Breakfast Program was started that other members of the BPP accused Ken Denmon of stealing money from contributions made to the Program.

On second thought I believe we did disrupt the BPP Breakfast Program in that we received complaints from several dairys and bread companies, et cetera, that they had been approached by BPP members with veiled threats of extortion if they did not donate quantities of food et cetera to the BPP Breakfast Program. The FBI and local police investigated and I believe as a result their practices were discontinued, but the investigation failed to establish a prosecutable offense of extortion.

Seidel: Did you have any connection with distribution of "cartoons" depicting BPP members as compromising each other et cetera?

Wirick: No, but I have seen "cartoons" in the BPP newspaper. Have you ever seen or read copies of the BPP newspaper?

Seidel: No

Wirick: They featured "cartoons" showing the "pigs" (police) being killed, stabbed, et cetera. I believe I recall seeing some "cartoons" showing how the BPP would kill the "honkies" (white people). They were similar to the propaganda leaflets used by the Nazis against American troops before an attack. The articles in the BPP newspaper were even more foul.

Seidel: Did the COINTELPRO promote dissension between the BPP and the US Group (see Appendix page)?

Wirick: Not to my knowledge. As I recall there was never any need to. They were constantly at odds with each other and on a gang type basis were trying to eliminate each other. I believe Sylvester Bell, a San Diego BPP member was killed by an US Group member and John Savage, another local BPP member was killed by an US Group member.

In Los Angeles two other BPP members, names not recalled, were allegedly killed by US Group members. I believe this led to the popular saying in Southeast San Diego section where most blacks live that the score (game) was, "US 4 - BPP 0".

Seidel: What do you think of the merits of a proposal to spray shipments of the BPP newspaper with a noxious acid so that readers would be confronted with a vile odor when attempting to read the paper?

UNITED STATES SENATE

(SSC)

INTERVIEW OF SPECIAL AGENT

- Wirick: After thought, no. Because the paper itself was so vile and anti-white that the odor would never stop BPP members from reading same. I've always hoped that a large segment of the population, especially the "do-gooders" could or would experience the nauseous reaction I have felt after reading the illiterate, foul-mouthed, anti-white, anti-Government, BPP paper. I think everybody should read a copy of the BPP paper so that they will know the type and character of BPP members.
- Seidel: What do you think about anonymous letters sent to spouses of BPP members saying the husband was sleeping with a white girl, et cetera?
- Wirick: Most wives of the members I recall were also BPP members and/or common-law-wives. Many BPP members did have liaison with white girls but I doubt if such a letter would bother most spouses of BPP members. However, such a letter might be of value under certain circumstances, example: the stories that were spread during World War II which were not necessarily all true regarding Hitler, Mussolini, General Patton and others.
- Seidel: In your opinion was the COINTELPRO of any value? Should it be changed? Do you have any suggestions for changes, or should it be eliminated completely?
- Wirick: Yes, as I recall, it acted as a progress letter of the BPP, its direction, its dissension, its change in leadership, and indications of its slow local demise because of the character of the local BPP members, and as a summary of its activities for FBIHQ. I recall that

UNITED STATES SENATE

we made certain requests to conduct some types of counterintelligence against the BPP, but I do not recall that the Bureau ever authorized any counterintelligence act which might be productive.

Change? COINTELPRO is not being utilized to the best of my knowledge and has not been for some time.

I believe that in about two or three years Congress will be frantically asking the FBI why we did not furnish them intelligence, advance knowledge of a demonstration, a riot and other civil unrest and elimination of the COINTELPRO has been another step in the direction of placing the FBI and other law enforcement agencies in a position where we cannot react to the activities of groups such as the BPP which have been formed with the main purpose of overthrowing the United States.

He advised SA Petersen that he did not have to talk to him and that any information furnished was on a voluntary basis. He stated that information furnished to him would be handled with discretion.

Mr. Seidel: Were you in charge of the COINTELPRO in San Diego from March, 1968 through October, 1968?

SA Petersen: This was possible but the dates the program was assigned to me are not recalled.

Mr. Seidel: What was the name of the squad to which you were assigned at that time?

SA Petersen: The Security Squad.

Mr. Seidel: Who did the squad investigate? Was it groups such as US, Inc. (see appendix) and the BPP?

SA Petersen: Yes, such groups as US, Inc., the BPP, and the Nation of Islam (NOI) (see appendix).

Mr. Seidel: And possibly splinter groups?

SA Petersen: Yes, groups that would form and disband and which could possibly be called splinter groups.

Mr. Seidel: How long have you been in the Bureau?

SA Petersen: Twenty-four years as of June 25, 1975.

Mr. Seidel: Where have you been assigned?

SA Petersen: In Boston, Baltimore, New York, Tampa, and San Diego.

Mr. Seidel: The Bureau has indicated that you were a coordinator of the COINTELPRO in San Diego. As such, what were your duties?

SA Petersen: The duties for the most part consisted of preparing letters to the Bureau asking for authority to take some specific action in the program; awaiting the reply from the Bureau; and then, if any action was taken, to advise the Bureau of the results of such action. It is noted that many of the requests to take specific action were turned down by the Bureau.

Mr. Seidel: Were you the focal point of the program?

SA Petersen: Yes, in the sense that any idea for action to be taken in the program was transmitted to the Bureau for approval by me and if approval was received, it would be related to whomever had suggested the activity. I would then report any results to the Bureau.

Mr. Seidel:

Did you get heavy pressure from Bureau officials to take action in this program?

SA Petersen:

Not any more than any other case, and I had a number of other cases assigned to me at the time the COINTELPRO was assigned to me.

Mr. Seidel:

What type of things did you do?

SA Petersen:

I do not recall at this time any specific action taken in the program. I do recall that a Black Panther leader, Walter Wallace, was removed as leader of the party in San Diego. I believe it was suspected that he might have cooperated with the FBI. This could have been accomplished by interviewing him where the interview could be seen by other party members. If the Agents shook his hand, smiled, and acted like he was a friend, it might plant the seed of suspicion in the minds of other BPP members. I do not recall specifically whether this happened but at any rate, Wallace was not trusted and was removed as leader of the party.

Mr. Seidel:

Could such a thing get Wallace killed or injured?

U. S. SENATE SELECT COMMITTEE

INTERVIEW OF SA EARL M. PETERSEN

SA Petersen:

I do not see how it would because there would be no way anyone could determine whether or not Wallace was, in fact, cooperating with the FBI. He was probably removed by the BPP as a precautionary measure. I cannot recall whether or not Wallace was removed while I was coordinator of the program.

Mr. Seidel:

Was COINTELPRO successful?

SA Petersen:

I was not too impressed with its success in San Diego while I had it assigned to me because it was a new program and it took some time to get it established and working. Most of the success was probably due to information obtained regarding criminal violations, mostly local in nature, which was furnished to local law enforcement officers, causing the arrest of BPP members. This would have been done whether or not we had a COINTELPRO. It was necessary to prepare a letter to the Bureau asking authority to take action and then wait for a reply authorizing the activity. Many times suggested COINTELPRO activity suggestions would be turned down.

Mr. Seidel made available Xerox copies of Bureau letters captioned, "Counter-Intelligence Program; Black Nationalist - Hate Groups," dated August 25, 1967 and March 4, 1968. These were read by SA Petersen, who said he could not specifically recall reading the letters.

Mr. Seidel: Was contact with the police formal or informal?

SA Petersen: Contact was personal or telephonic contact and at one time, information furnished to individual officers was confirmed by letter to the Chief of Police. It is not recalled if this was the policy during the time COINTELPRO was assigned to me.

Mr. Seidel: What happened to SA Roy Burns?

SA Petersen: He was transferred to the Butte, Montana Field Office.

Mr. Seidel: Did he do anything wrong? I understand Agents were sometimes transferred to Butte as a disciplinary measure.

SA Petersen: SA Burns wanted to be transferred to Butte and requested the transfer. The Special Agent in Charge (SAC), Mr. Evans, was transferred there and may have helped SA Burns get moved there.

Mr. Seidel: How old is Bob Baker:

SA Petersen: Probably 51 or 52 years old.

Mr. Seidel: Did he retire early?

SA Petersen: No. He was in a position to retire and retired because he wanted to take advantage of a cost of living increase by retiring prior to a certain date, such as June 30.

Mr. Seidel: Were the BPP and US, Inc. both violence oriented groups?

SA Petersen: Very definitely. There was extreme friction between the BPP and US, Inc. at all times.

Mr. Seidel: Do you recall some caricatures used in connection with COINTELPRO?

SA Petersen: Yes.

Mr. Seidel: Who had the program at that time?

SA Petersen: I believe SA Burns had it then.

Mr. Seidel: What were the cartoons?

SA Petersen: I recall seeing them but do not recall any specific cartoon.

Mr. Seidel: Do you think anything done in COINTELPRO could have had a reaction causing someone to kill an individual in the other group?

SA Petersen: Because of the extreme antagonism between the two groups, anything we did would have had about the same effect as a gnat biting an elephant. I do not think COINTELPRO had that kind of impact.

SA Petersen: I would hesitate to do this because it might break up a family. If the facts were true and this might cause the BPP leader to be less effective, it would probably be a good counter-intelligence move.

Mr. Seidel: I am referring to Page 91 of a BPP COINTELPRO summary which indicates that a BPP leader was living with a white girl and an anonymous letter was written to others in the BPP saying that this individual was living with a white girl. Do you recall anything about that?

SA Petersen (continued): Diego was teaching children to hate and kill police officers. They planned violent criminal acts and were making plans to take over the established government at the first opportunity. If a leader of such a group could be discredited and removed, it would help to keep the group from becoming stronger, as they would have to select a new leader, and he would have to get the group reorganized. Denmon had many additional weaknesses which could be used in a counter-intelligence program.

Mr. Seidel: Do you recall a letter being sent to BPP Headquarters saying a leader of the BPP was cooperating with the police in Los Angeles?

SA Petersen: I do not recall such a letter.

Mr. Seidel: Do you recall some cards being sent to San Diego from Los Angeles saying, "Ron Karenga is impotent"?

SA Petersen: No, I do not recall such cards. Ron Karenga was a leader of US, Inc., not the BPP.

Mr. Seidel: Do you recall that cartoons were to be sent to BPP members to discredit the leaders?

SA Petersen: I recall the cartoons but do not recall whether they were set to BPP members.

BY SSC STAFF MEMBER

Mr. Seidel:

Do you recall an anonymous letter being sent to the Catholic Church to have the priest of the church where the BPP breakfast program was operated removed from his office?

SA Petersen:

I do not recall such an anonymous letter; however, I do recall that the priest was transferred by the church.

Mr. Seidel:

Knowing that the BPP paper was a paper that taught and advocated violence and had cartoons in it that encouraged the killing of police officers by blacks and was a violence oriented paper, how would you feel about putting a corrosive liquid on the paper to keep it from being distributed?

SA Petersen:

I would not do it as I would feel that it was a violation of the law and too drastic. I would not do it personally or personally approve of it.

Mr. Seidel:

You have been very helpful and the information you have provided will be used in considering new legislation at some time in the future.

SA Petersen:

In these tranquil times, it disturbs me greatly to read in the papers and to hear news broadcasts containing all kinds of allegations against the FBI and the CIA and

I would, however, hate to see such restrictive legislation passed that at some time in the future when we might be faced with violence-prone organizations trying to take control of the government, we would be unable to properly handle our responsibility for the internal security of the United States.

The Honorable Edward H. Levi  
Attorney General  
U. S. Department of Justice  
Washington, D.C.

Dear Mr. Attorney General:

On behalf of the Select Committee, we wish to express our appreciation to you for meeting with us on Wednesday afternoon. We recognize the need for the Committee to have a complete understanding of the concerns of the Department of Justice so that our inquiry can proceed in the most responsible manner. Our meeting was extremely valuable in that respect, and you may be sure that we have given full consideration to your views.

The Committee has been informed that Mr. John T. Elliff, leader of the Domestic Intelligence Task Force, and members of his staff met yesterday with Mr. K. William O'Connor, Special Counsel for Intelligence coordination, and members of his staff to agree upon procedures for delivery of and access to FBI materials requested by the Committee. The proposed procedures which resulted from that meeting are satisfactory to the Committee.

We are pleased that your staff was able to meet promptly with our representatives and that they reached agreement without delay. The Committee expects that the proposed procedures will, if implemented, expedite its work during the coming weeks. As you know, one of our major concerns was that all of the problems with the Committee's outstanding requests for materials.

SUBJECT: Synopsis of Responses to Request for Comments  
on Proposed Procedures

1. The Deputy Attorney General, Office of Legislative Affairs, and Civil Rights Division register no objections to the proposed procedures on access. OLA suggests inclusion of a preamble referencing security agreements and the need for proper security assurances from the Committee to the Attorney General.

2. Both the Criminal Division and Office of Legal Counsel address the short response time frames imposed upon the Attorney General, and OLC suggests certain language changes for purposes of clarity and focus.

3. The Attorney General is troubled by Item 9 and its need for modification as to categories of material not treatable by these proposed procedures or as to a later discovered need to make presently unanticipated changes to effect a smoother operation of the procedures.

4. The Bureau's comments on the proposed procedures are attached and should be read. This Office does not agree with the Bureau that the proposed procedures should be presented to the President and the President's Counsel.

5. No response has been received from the Solicitor General.

TO : The Deputy Attorney General  
Attn: K. William O'Connor

DATE: July 18, 1975

FROM: *CK* Director, FBI

SUBJECT: PROPOSED PROCEDURES FOR ACCESS  
TO DEPARTMENT OF JUSTICE FILES

In response to your memorandum dated July 18, 1975, captioned as above, we observe that the "substantial negotiations" which produced the proposed procedures did not include participation by a representative of the FBI and that the request for our views concerning disclosure of highly sensitive FBI material was first received at 11:14 a.m. today with a reply expected by 2:00 p.m. today. We respectfully suggest that not only should you afford greater opportunity for an expression of our views on this matter, but that any such proposed procedures should be presented to the President's Counsel for concurrence and for an expression of the President's views as to the general policy of the Executive Branch in this regard. Further, you may want to consider addressing the problem of the impact such general disclosure of files would have on pending criminal investigations.

A preliminary review in the time available revealed that certain items require considerable modification. For example, Item (3)(c) should be reconsidered with the following language:

"An exception to (a) and (b) above is made for information that would tend to identify sources to whom the FBI has an obligation of confidentiality as to which no access will be furnished unless the identity already has been made known to the Committee, or unless the Attorney General, the Chairman and the Vice Chairman jointly agree on the limited disclosure of such identity to the Chairman and the Vice Chairman."

ALL FBI INFORMATION CONTAINED  
HEREIN IS UNCLASSIFIED  
DATE 10/16/00 BY SP2 ALM/KP

The Deputy Attorney General

Item (6)(b) should be reconsidered with the following language:

"If the Task Force Leader has any objections to the excisions or paraphrases, the FBI will furnish a written statement of the grounds for its position to the Special Counsel who shall resolve the matter by negotiation within 24 hours."

Item (8) should be reconsidered with the following language:

"The Staff and the Members of the Committee may examine the original materials to which the Staff is given access as extensively as necessary between the hours of 8:00 a. m. and 5:30 p. m., Monday through Friday, in the FBI J. Edgar Hoover Building at Room 4171."

In light of the difficulties described, it is my strong recommendation that such procedures should not be hastily agreed upon with the Committee and that full discussion should be had concerning this matter by representatives of the FBI, the Attorney General, the Committee and the Counsel to the President.

Assistant Attorney General  
Office of Legal Counsel

COMMENTS ON PROPOSED PROCEDURES

1. 48 hour lead time is very short and may create problems; 24 hour reaction time may be unreasonable for Attorney General.
2. The provision seems a little odd, out of context of negotiations.
3. Suggest that in 3(a), last line, word and should be or and "peculiarly sensitive" read to modify both foreign intelligence sources and ongoing operations.
4. No comment
5. No comment
6. Time frames are very restrictive; there should be a stated opportunity for TFL to work out any objections with FBI, before raising to Special Counsel. "...if the issue is not promptly resolved between the TFL and the FBI, the materials in issue will be conveyed..."
7. Define "screened" by reference to 6(a) above
8. No comment
9. No comment

Office of Legislative Affairs

COMMENTS ON PROPOSED PROCEDURES

1. No problem with this procedure, but feels that the time limits are too tight
2. No central policy objection
3. Suggest incorporate a preamble phrase that makes reference to security agreements; a specific means for assurance to the AG by the Chairman and Vice Chairman of proper security measures

With the exception of the Solicitor General's Office, all Departmental components whose views were solicited have provided their views on the question of Congressional Access to Personal FBI Files.

OLC, OLA, and Criminal Division favor a combination of options 1 and 3. Civil Rights Division favors option 1. The Bureau chooses option 3.

This office recommends the adoption of the position articulated by OLC and concurred in by OLA and Criminal.

My view is that item 9 goes too far in that there must be some provision which allows the Department or the Committee to abrogate the arrangement. I should think the agreement could provide that at any time the Chairman of the Committee or the Attorney General could give a notification that the (1) agreement was not suitable for a particular category of material or (?) that for some reason the agreement was not operating suitably and that as to either one or two there would then be an endeavor to work out a suitable modification or different arrangement (but I think it has to be said that the arrangement can be cancelled by either party )

? Certain members of the Senate Select Committee have requested  
? access to their personal files. The preferred mode of access is the  
subject of pending consideration by the Attorney General. As you  
x know, under the mandate of the Senate Select Committee, access to  
the personal file of a member of the Senate Select Committee may be  
? had without any consideration of Freedom of Information Act issues.

The Attorney General has considered several options, and has  
asked that you consider them and indicate hereon your view; he has  
asked that these views be delivered to me not later than 1:00 p.m.,  
this afternoon so that he may promptly consider them. The options  
considered are not exclusive. If you have any suggestions other  
than the options indicated, please attach it to your response.  
Responses should be delivered to me in Room 4213, Main Justice,  
by the time indicated. Thank you for your cooperation.

OPTIONS

personal files maintained by the FBI

Without knowing how these files were compiled (public sources? wiretap? confidential informant?), or what is in them (personal matter of derogatory nature? national security information?), or why they exist, (I have read in newspapers that they exist, but that's all), I would probably choose in the absence of knowing something about these Option #1, with the understanding that copies of releaseable information can then be made available to the Senator according to criteria spelled out in the Freedom of Information Act. I assume, however, that whoever is advising the AG about this has actually read the files in question, at least sufficient to know in a generic sense the answers to the questions raised above.

Despite the fact that I am operating in a vacuum on this, I do appreciate being consulted.

WASHINGTON, D.C. 20510

July 16, 1975

K. William O'Connor, Esq.  
 Special Counsel for Intelligence Coordination  
 Office of the Deputy Attorney General  
 U.S. Department of Justice  
 Washington, D.C. 20530

Dear Mr. O'Connor:

I have received your letter of July 15 regarding access/delivery of documents requested in the Committee's letter of July 9, 1975. The following relates specifically to the procedure suggested for handling documents on the so called "Kissinger 17" surveillance, which is also applied in your letter to materials relating to electronic surveillance of the Democratic National Convention in Atlantic City in August 1964, materials relating to the electronic surveillance of Dr. King, and possibly the C & C files.

I regard this suggested procedure as a major step forward and a recognition that previous arrangements were too cumbersome and time-consuming. Nevertheless, there are certain practical problems with the procedure which may be resolved by interpretation. For example, I assume that application of the procedure to the Atlantic City convention matters does not foreclose the Committee from receiving for use at its offices actual documents or portions of documents, as well as summaries. I understand that the FBI has no objection to providing such documents on this matter to the Committee for use at its offices.

Therefore, in order that the procedure you suggest may be applicable to all areas of Committee inquiry claimed by the Department to involve particularly sensitive matters, it should be interpreted as follows: the Committee staff will have direct access to all files and materials at FBIHQ: the Committee staff shall select certain documents from the files which it deems pertinent to the Committee's inquiry and necessary for the examination of witnesses or the establishment of certain facts during the course of the

inquiry; the FBI shall at that time designate specific portions of such documents which might jeopardize particularly sensitive sources or methods; with respect to such specifically designated portions of documents, the Committee staff will prepare appropriate excisions or summaries of the information; the summaries will be checked at that time with senior Bureau executives to ensure the protection of particularly sensitive FBI sources or methods; thereafter, the excised documents and summaries will be removed to the Committee's offices; the Committee staff may check back to the original documents as extensively as necessary; staff notes on the designated specific portions of documents will not be removed from FBIHQ; and Committee members may, of course, at any time see the documents which the staff has seen.

I believe this interpretation can serve as a workable framework for Committee access to particularly sensitive FBI materials. You may be assured that the Task Force shares your concern for the need to provide special handling techniques to convey or secure any particularly sensitive information or materials, as indicated in the Outline for Inquiry Procedures. We hope this interpretation will facilitate the mutual effort by the Committee and the Department of Justice to accomplish this purpose.

I would appreciate receiving your immediate advice to me as to whether any further interpretation of this matter is required. Any public discussion of these arrangements and interpretations should be cast in such terms as will not jeopardize particularly sensitive FBI sources.

Re: Access/Delivery of Documents Requested in Senate  
Select Committee Letter of July 9, 1975

Dear Mr. Elliff:

Pursuant to our conversation of July 11, and confirming it, the following arrangements are approved for access to materials and delivery of materials to the Senate Select Committee staff, in addition to that which has already been made available.

All the provisions of this letter, hereinafter stated, are, of course, subject to the agreements embodied in the Outline for Inquiry Procedures referenced in the Committee's letter of June 27, 1975. Particular reference will periodically be made to the second sentence of paragraph B, page 2, of that document which specifies:

"...The agency will also specifically indicate any of such materials which are extraordinarily sensitive in order to facilitate the mutual effort by the Committee and the agencies to provide special handling techniques to convey or secure any particularly sensitive information or materials as appropriate..."

Special handling techniques in addition to those indicated herein may be required in order to protect the security of sensitive materials covered herein.

Please refer to the attachments to the July 9, letter:

Page 3, Paragraph 2, Subsection A. All of the FBI files on the so called "Kissinger 17" surveillance will be made available to you and specific appropriately cleared staff in Room 4171 of the Hoover Building. These documents may be reviewed and studied there, and you and such staff may take such notes as you deem appropriate; we have agreed that the notes are to be left in the secure room of the Hoover Building during your study. When your study is completed, you may prepare a summary of the information which you consider to be appropriate for Committee use. The summary must be checked with senior Bureau executives to ensure the protection of national security matters, protection of confidential sources of information, and observation of privacy considerations. Thereafter, the approved summary may be removed to the Committee's office and all the staff notes will be destroyed. You may check the summary back to the original documents as extensively as necessary, in Room 4171.

Page 3, Paragraph 2, Subsection B. Materials have already been transmitted regarding the Kraft matter and the agreement between his attorney and the Attorney General. When you have reviewed those materials, and have contacted Mr. Kraft's attorney, should you deem that appropriate, I understand you will contact me if further information is requested.

Page 5, Paragraph 3, A & B. As you may know, representatives of the King family, including Mr. Harry H. Wachtel, attorney, have formally expressed to the Department a special concern regarding any public disclosure of any derogatory information regarding Dr. King which may be contained in Bureau files. Subject to your reaching an agreement with such representatives of the King family, and the acceptance by the Department of such a written agreement, all of the materials related to the electronic surveillance of Dr. King, in the custody of the FBI, will be made available to you and specific appropriately cleared staff under the same conditions and with the same agreements as specified above with regard to the "Kissinger 17" surveillance.

Page 6, Paragraph 4. Those materials in the custody of the FBI which reflect and relate to electronic surveillance of the Democratic National Convention in Atlantic City in August 1964, will be provided under the same conditions as articulated above with regard to the "Kissinger 17" surveillance.

Page 9, Paragraph C. A summary of procedures for mail covers has been provided by my recent letter to you. In addition to that, a ~~statistical~~ summary of mail covers on closed matters will be made available to you in Room 4171, together with access to the underlying documentation requesting the individual mail covers.

Documentation relating to the opening of mail will be withheld at present, due to ongoing investigations.

After your review of the mail cover summaries and any underlying documents you wish to review, we will discuss any further access which you may request to mail cover information.

Page 10, Paragraph E. I understand and accept your explanation that the word "implementation" in line 2 of paragraph E(1) does not seek access to the "raw" files of COINTELPRO programs. All of the memoranda originating the several COINTELPRO programs will be made available to you and specific appropriately cleared staff for review in Room 4171.

We will furnish to you, for your study at Senate Select Committee offices, a complete set of the excised exhibits A-E to the Petersen Report; as previously agreed, your staff may have access to any unexcised pages of Exhibits A-E which you may wish to see, and which will be maintained at Room 4171. The back up materials underlying any particular summary in A-E will be extracted from the "raw" files upon your request and made available to you for your study in Room 4171. General access to the "raw" files is not required, as I understand it, for your purposes under this agreement. General disclosure of information derived from documents other than the excised pages of Exhibits A-E will be made available subject to limitations to be determined, dependent upon the sensitivity of such information, in conference with appropriate Bureau officials and in accordance with the provisions of paragraph B of the Outline for Inquiry Procedures, to protect the considerations outlined above.

Page 14, Item I. This will confirm your understanding that certain Huston Plan documents prepared by the Bureau in response to your request under this heading have been delivered to the White House for "third agency clearance". This statement formally confirms my previous discussions with you of this fact when we met with Mr. Schwarz and Mr. Smothers on July 2. Be advised that the documents which have been transmitted to the White House for clearance will be forwarded to you, or made available for access, if appropriate, upon our receipt of the White House directions.

Page 16, Paragraph J. This will confirm our understanding that on July 14, there will be available for your review in Room 4171, a 160 page summary document reflecting an analysis of the O & C files.

After you have reviewed that analysis, I will discuss with you an appropriate further step with regard to the O & C files if such is indicated; such an agreement would be generally similar in terms to the foregoing arrangements.

I trust that this letter accurately reflects our understanding as reached in our discussion on July 11. If it does not, your immediate advice to me of any particulars in which we disagree in our understanding will be appreciated. In the meantime, I have furnished a copy of this letter to the Attorney General and the Deputy Attorney General and have requested the Bureau's cooperation in promptly making available the information indicated.

I would appreciate meeting with you and Mr. Schwarz and Mr. Smothers around July 18, for the purpose of discussing any problems which you may have identified and to clarify any outstanding documentary request which you may have, and to agree upon an appropriate schedule. Since we have received several additional requests from you, since the July 9, letter was delivered, it would seem appropriate to re-analyze your requirements in light of the agreements reached on July 11, reflected herein.

In response to your memorandum dated July 18, 1975, captioned as above, we observe that the "substantial negotiations" which produced the proposed procedures did not include participation by a representative of the FBI and that the request for our views concerning disclosure of highly sensitive FBI material was first received at 11:14 a.m. today with a reply expected by 2:00 p.m. today. We respectfully suggest that not only should you afford greater opportunity for an expression of our views on this matter, but that any such proposed procedures should be presented to the President's Counsel for concurrence and for an expression of the President's views as to the general policy of the Executive Branch in this regard. Further, you may want to consider addressing the problem of the impact such general disclosure of files would have on pending criminal investigations.

A preliminary review in the time available revealed that certain items require considerable modification. For example, Item (3)(c) should be reconsidered with the following language:

"An exception to (a) and (b) above is made for information that would tend to identify sources to whom the FBI has an obligation of confidentiality as to which no access will be furnished unless the identity already has been made known to the Committee, or unless the Attorney General, the Chairman and the Vice Chairman jointly agree on the limited disclosure of such identity to the Chairman and the Vice Chairman."

item (6)(b) should be reconsidered with the following language:

"If the Task Force Leader has any objections to the excisions or paraphrases, the FBI will furnish a written statement of the grounds for its position to the Special Counsel who shall resolve the matter by negotiation within 24 hours."

Item (8) should be reconsidered with the following language:

"The Staff and the Members of the Committee may examine the original materials to which the Staff is given access as extensively as necessary between the hours of 8:00 a. m. and 5:30 p. m., Monday through Friday, in the FBI J. Edgar Hoover Building at Room 4171."

In light of the difficulties described, it is my strong recommendation that such procedures should not be hastily agreed upon with the Committee and that full discussion should be had concerning this matter by representatives of the FBI, the Attorney General, the Committee and the Counsel to the President.

SUBJECT: Proposed Procedures for Access to Department of Justice Files

Attached hereto is a sequence of proposed procedures which are being considered by the Attorney General for dealing with the Senate Select Committee, in regard to its desire for access to materials in the Departmental/FBI files.

This document is the result of substantial negotiations; it represents what we understand to be the ultimate scope of access desired by the Senate Select Committee.

1. The Deputy Attorney General, Office of Legislative Affairs, and Civil Rights Division register no objections to the proposed procedures on access. 5. No response has been received from the Solicitor General.

6. This Office recommends that Item 9 be modified as suggested by the Attorney General and that the language modifications suggested by OLC for Items 3 and 6 be adopted.

The Honorable Edward H. Levi  
Attorney General  
U. S. Department of Justice  
Washington, D.C.

Dear Mr. Attorney General:

On behalf of the Select Committee, we wish to express our appreciation to you for meeting with us on Wednesday afternoon. We recognize the need for the Committee to have a complete understanding of the concerns of the Department of Justice so that our inquiry can proceed in the most responsible manner. Our meeting was extremely valuable in that respect, and you may be sure that we have given full consideration to your views.

The Committee has been informed that Mr. John T. Elliff, leader of the Domestic Intelligence Task Force, and members of his staff met yesterday with Mr. K. William O'Connor, Special Counsel for Intelligence coordination, and members of his staff to agree upon procedures for delivery of and access to FBI materials requested by the Committee. The proposed procedures which resulted from that meeting are satisfactory to the Committee.

We are pleased that your staff was able to meet promptly with our representatives and that they reached agreement without delay. The Committee expects that the proposed procedures will, if implemented, expedite its work during the coming weeks. As you know, one of our major concerns was that all of the problems with the Committee's outstanding requests for materials

be resolved before the August recess so that the staff can fully prepare the materials for our use when we return. We believe the procedures are an appropriate and practical accommodation of our mutual interests. Indeed, we have instructed our staff to make every effort to accomplish the work of the Committee within this framework.

The prompt resolution of this matter demonstrates a spirit of cooperation which we hope will prevail in all our future relations. The Committee looks forward to working with you personally on issues of common concern during the months ahead.

(b) If the Task Force Leader has any objections to the excisions or paraphrases, the materials will be forthwith conveyed by the Bureau, with a written statement of its grounds for its position, to the Special Counsel who shall resolve the matter within 24 hours.

(c) In the event the matter is not resolved within 24 hours, the Special Counsel shall submit the matter forthwith to the Attorney General who shall notify the Chairman forthwith and arrange for an appropriate disposition.

(7) The Committee staff may remove to the Office of SSC for appropriate use, any notes which they may make upon review of screened material without such notes being reviewed by the Bureau. The Committee staff may remove notes on unscreened materials only if such notes are reviewed and cleared by the Bureau under the provisions of (6) (a) thru (c) above.

(8) The staff and the members of the Committee may examine the original materials to which the staff has been given access as extensively as necessary, in the Hoover Building at Room 4171.

(9) Where accepted by Attorney General and the Committee, these procedures may be modified only by their joint decision.

COMMENTS ON PROPOSED PROCEDURES

1. No problem with this procedure, but feels that the time limits are too tight
2. No central policy objection
3. Suggest incorporate a preamble phrase that makes reference to security agreements; a specific means for assurance to the AG by the Chairman and Vice Chairman of proper security measures

Assistant Attorney General  
Office of Legal Counsel

COMMENTS ON PROPOSED PROCEDURES

1. 48 hour lead time is very short and may create problems; 24 hour reaction time may be unreasonable for Attorney General.
2. The provision seems a little odd, out of context of negotiations.
3. Suggest that in 3(a), last line, word and should be or and "peculiarly sensitive" read to modify both foreign intelligence sources and ongoing operations.
4. No comment
5. No comment
6. Time frames are very restrictive; there should be a stated opportunity for TFL to work out any objections with FBI, before raising to Special Counsel "...if the issue is not promptly resolved between the TFL and the FBI, the materials in issue will be conveyed..."
7. Define "screened" by reference to 6(a) above
8. No comment
9. No comment

Assistant Attorney General  
Criminal Division

COMMENTS ON PROPOSED PROCEDURES

Views of Thornburg and Kevin Maroney

1. Time frames a bit skimpy
2. looks as though we're giving up a lot, but that's probably what's required

**PROPOSED PROCEDURES FOR ACCESS  
TO DEPARTMENT OF JUSTICE FILES**

In response to your memorandum dated July 18, 1975, captioned as above, we observe that the "substantial negotiations" which produced the proposed procedures did not include participation by a representative of the FBI and that the request for our views concerning disclosure of highly sensitive FBI material was first received at 11:14 a. m. today with a reply expected by 2:00 p. m. today. We respectfully suggest that not only should you afford greater opportunity for an expression of our views on this matter, but that any such proposed procedures should be presented to the President's Counsel for concurrence and for an expression of the President's views as to the general policy of the Executive Branch in this regard. Further, you may want to consider addressing the problem of the impact such general disclosure of files would have on pending criminal investigations.

A preliminary review in the time available revealed that certain items require considerable modification. For example, Item (S)(c) should be reconsidered with the following language:

"An exception to (a) and (b) above is made for information that would tend to identify sources to whom the FBI has an obligation of confidentiality as to which no access will be furnished unless the identity already has been made known to the Committee, or unless the Attorney General, the Chairman and the Vice Chairman jointly agree on the limited disclosure of such identity to the Chairman and the Vice Chairman."

**Item (6)(b) should be reconsidered with the following language:**

**"If the Task Force Leader has any objections to the excisions or paraphrases, the FBI will furnish a written statement of the grounds for its position to the Special Counsel who shall resolve the matter by negotiation within 24 hours."**

**Item (6) should be reconsidered with the following language:**

**"The Staff and the Members of the Committee may examine the original materials to which the Staff is given access as extensively as necessary between the hours of 8:00 a. m. and 5:00 p. m., Monday through Friday, in the FBI J. Edgar Hoover Building at Room 4171."**

**In light of the difficulties described, it is my strong recommendation that such procedures should not be hastily agreed upon with the Committee and that full discussion should be had concerning this matter by representatives of the FBI, the Attorney General, the Committee and the Counsel to the President.**

U. S. SENATE SELECT COMMITTEE ON  
INTELLIGENCE ACTIVITIES (SSC);  
INTERVIEW OF SUPERVISOR RICHARD H. BLOESER  
BY SSC STAFF MEMBER

On August 5, 1975, Supervisor Richard H. Bloeser was interviewed by SSC Staff Member Lester Seidel at the Los Angeles FBI Office regarding the COINTELPRO/Black Panther Party (BPP).

Mr. Seidel advised Supervisor Bloeser that the interview was voluntary, but did not advise Supervisor Bloeser of his rights in this matter.

Mr. Seidel inquired of Supervisor Bloeser as to how many offices he had served in, his length of service in the Bureau, and how long had been spent on intelligence investigations. Supervisor Bloeser replied that he had served in Philadelphia, El Paso and Los Angeles, had been in the Bureau approximately 24½ years, and had been assigned to intelligence work for 22 years.

Mr. Seidel inquired as to whether Supervisor Bloeser believed that the Bureau had placed undue pressure on the field to come up with counter intelligence proposals concerning the BPP and was it difficult to come up with a proposal. Supervisor Bloeser responded that there was no undue pressure placed on the field by the Bureau, that the COINTELPRO/BPP was merely another case assigned to an agent and that agent, as in any other case, had the responsibility of handling the matter whether it concerned the solving of a case or the submission of proposals. Mr. Seidel was also informed that it was not unduly difficult to come up with a proposal and that a number of proposals were rejected at the field level and never submitted to the Bureau.

Mr. Seidel inquired specifically as to counter intelligence proposals involving cartoons ridiculing the BPP.

---

Supervisor Bloeser responded that he vaguely remembered such proposals but without reviewing the file had no definite recollection. Mr. Seidel did not request that the file be reviewed.

Mr. Seidel inquired specifically about a business card which allegedly had been prepared by the Bureau bearing the phrase "Karenga is impotent." Mr. Seidel requested Supervisor Bloeser's views on the distribution of this card by the FBI. Supervisor Bloeser responded that he vaguely remembered the card, that he thought it was humorous, and that the word impotent had various meanings.

Mr. Seidel then inquired about the blood feud which existed in the past between the US Organization and the BPP and the efforts of the Bureau to keep this feud alive and thus promote violence. He specifically inquired as to the personal feelings of Supervisor Bloeser concerning any counter intelligence proposals which, if placed in operation, could lead to violence between the two groups.

Supervisor Bloeser responded first that personally he had no apologies for the counter intelligence program as a whole, that proposals submitted six or seven years ago were believed necessary at that time due to the circumstances, specifically that at that time the EPP and the US Organization were involved in violent activity against the community as a whole. Mr. Seidel was informed that the feud between the US Organization and the BPP occurred long before the FBI COINTELPRO became involved in the feud and that any proposals approved by the Bureau had relatively little effect on the violence committed by either group. Mr. Seidel was also reminded that six or seven years ago the Congress of the United States fully supported the war in Vietnam in which thousands of people were killed but that under today's circumstances no support has been given to South Vietnam.

U. S. SENATE SELECT COMMITTEE ON  
INTELLIGENCE ACTIVITIES (SSC);  
INTERVIEW OF SUPERVISOR RICHARD H. BLOESER  
BY SSC STAFF MEMBER

---

Mr. Seidel then posed a hypothetical question involving the following factors: Would Supervisor Bloeser now or in the past approve a counter intelligence proposal whereby one extremist with a criminal record of violence be anonymously informed that another extremist with a record of criminal violence was an informant for the FBI, knowing that the alleged informant might be injured or killed. Supervisor Bloeser replied that under the present conditions such a proposal would not be approved, but that he could not give an answer as to what his feelings might have been six or seven years ago under any given situation. Mr. Seidel was again reminded that Congress in the past has not hesitated to support wars which kill thousands of people but that recently they have criticized the CIA for allegedly plotting to assassinate one individual whose death might prevent a war. Mr. Seidel was also informed that it was ironic that Congress was investigating another agency of the Federal Government which was attempting to prevent revolutionary violence in this country.

Mr. Seidel then inquired into the counter intelligence proposals approved by the Bureau in relation to the actress Jean Seberg and Raymond Hewitt, a leader of the BPP. This proposal concerned the fact that Seberg, who was then married to a French producer, admitted being pregnant by Hewitt who was also married at the time. The Bureau approved anonymously leaking this information to a Hollywood columnist. Mr. Seidel inquired as to whether Supervisor Bloeser did or did not believe that this was an invasion of privacy. Supervisor Bloeser responded that the item was news worthy and that it would have been any fair game for any newsmen had they come across it in the course of their business which they could have probably easily done, and that certainly Congress would not have criticized a newspaper for printing such an item or claim it to be an invasion of privacy. Mr. Seidel inquired as to the purpose of this particular operation and he was informed that Miss Seberg was giving support to the BPP and that it was hoped that such publicity would prevent any future support by her of the BPP.

U. S. SENATE SELECT COMMITTEE ON  
INTELLIGENCE ACTIVITIES (SSC);  
INTERVIEW OF SUPERVISOR RICHARD H. BLOESER  
BY SSC STAFF MEMBER

---

He was further advised that it was the responsibility of the FBI to determine who was funding revolutionary groups in this country.

Mr. Seidel then inquired as to whether or not it was difficult to conduct intelligence investigations under present statutes and under the Criminal Rules of Procedure. He was informed that it was somewhat difficult to conduct an effective intelligence operation under present circumstances and that perhaps new legislative or executive orders would be helpful to the FBI in order to allow the FBI to continue its investigations in the Domestic Intelligence field. Mr. Seidel inquired as to whether it would be helpful to have specific legislation which might completely separate criminal and intelligence operations so one would not taint the other. He was informed that if such legislation could be enacted that it would undoubtedly help the FBI.

The interview lasted approximately two hours and it was not necessary to consult with another Bureau representative during this time.

U. S. SENATE SELECT COMMITTEE ON  
INTELLIGENCE ACTIVITIES (SSC);  
INTERVIEW OF SA WALLACE E. WARD  
BY SSC STAFF MEMBER

On August 5, 1975, Special Agent (SA) Wallace E. Ward was interviewed by SSC Staff Member Lester Seidel at Los Angeles Field Office regarding Cointelpro/Black Panther Party. The interview lasted from 9:12 a.m. to 9:22 a.m.

SA Ward was advised by Mr. Seidel that the interview was voluntary but SA Ward was not advised of his rights in this matter.

Seidel asked how long SA Ward had been a Special Agent with the FBI, and SA Ward responded nine years. He further requested previous offices SA Ward had been assigned to, and SA Ward responded Cincinnati, Ohio. Seidel advised the Bureau informed him that SA Ward had been assigned Cointelpro/Black Panther Party in June 1969. Seidel requested to know what work SA Ward had been assigned before this, to which SA Ward responded he could not remember, but believed general criminal work.

Seidel requested to know what specific instructions were issued with regard to operating Cointelpro/Black Panther Party. SA Ward advised that due to his employment agreement, the sensitive nature of the Bureau work, and the possible overlap of Bureau investigation, he did not feel he could respond to any further questions. Seidel advised he understood SA Ward's position as he, Seidel, had worked criminal matters himself and knew the need for secrecy. The official interview was terminated at this point.

62-116395-609  
**ENCLOSURE**

In a friendly conversation that followed for approximately ten to fifteen minutes, SA Ward advised Seidel that he had only been assigned the Cointelpro/Black Panther Party matter for three months and had no knowledge that would be of value to Seidel. The Cointelpro/Black Panther Party matter was not further discussed. The rest of the time was involved in discussing points of interest in the Los Angeles basin of tourist value, such as Marineland, Palos Verdes, and Sunset Boulevard, Los Angeles.

SA Ward advises that he is aware that the Director waived his employment agreement with certain exceptions regarding privileged areas. With this in mind, SA Ward reviewed his employment agreement and concluded, after noting the following quotation, that he could not disclose any information without following the prescribed procedure:

"The burden is on me to determine, prior to disclosure, whether information may be disclosed, and in this regard, I agree to request approval of the Director of the FBI in each such instance by presenting the full text of my proposed disclosure in writing to the Director of the FBI at least thirty (30) days prior to disclosure".

With this in mind, SA Ward answered Mr. Seidel as noted heretofore.

Dear Mr. Attorney General:

I am writing to call your attention to a matter which may be a cause of concern to you and to the Select Committee at some time in the future.

As you may know, a special unit has been established in the FBI Intelligence Division to handle this Committee's requests for materials and to handle certain arrangements for the Committee staff's interviews. The Special Agents assigned to this unit accompany Bureau witnesses to the Committee offices, travel to out-of-town locations where Committee staff interviews are conducted, and apparently "de-brief" interview subjects after the interviews.

One possible problem has arisen with this arrangement. As you are aware, one of the alleged abuses which the Committee is examining pursuant to S. Res. 21 involves the FBI's activities with respect to the late Dr. Martin Luther King, Jr. As the inquiry has proceeded, information has been developed to indicate that one of the Special Agents who has been handling Committee staff interviews, "de-briefing" witnesses, and, presumably, compiling materials with respect to the King matter was also the supervisory case agent during the time that some of the alleged FBI improprieties regarding Dr. King took place. Moreover, as a logical step in our investigation, it was

recently necessary to interview this Special Agent to determine the nature and extent of his involvement in and knowledge of the alleged abuses at the time when he served as supervisory case agent with respect to the King case. During the interview he did provide detailed information concerning his substantial participation in this matter.

The Committee in no way intends at this juncture to pre-judge the propriety of the FBI's activities with respect to Dr. King, and it would be inappropriate to characterize the conduct of any of the Bureau's personnel regarding this case until all the facts are in. Nevertheless, I am concerned that in this kind of situation, the interests of the FBI and the Department of Justice might best be served, from the standpoint of appearances, by re-considering the assignment of this Special Agent to the King matters. It is possible that some may conclude that there is a conflict between the Special Agent's personal interest, and the interests of the FBI and the Justice Department in ensuring that full disclosure to the Committee is made with respect to this case.

Finally, let me assure you that the Committee has no evidence that the present arrangement has prevented the Committee from obtaining the full disclosures sought; but it seems to me that it would be mutually beneficial for appropriate steps to be taken so that we will both be able to assure the American people and the Congress that our oversight responsibilities were fulfilled in an objective and impartial way.

I hope you will share my view that this course will best serve our respective interests and, of course, the interests of the country.

Sincerely,

Frank Church  
Chairman

Dear Mr. Chairman:

Your thoughtful letter of August 14, 1975, to the Attorney General was referred to me and it has been carefully considered. I certainly agree with the view expressed therein that it is important the Committee's oversight responsibilities be fulfilled in an objective and impartial way. To that end, I have required employees with experience to assist in locating the full documentation called for in Committee requests. The voluminous files and variety of indices entries would have been much more difficult to sort for your benefit without the assistance of persons having such expertise.

I appreciate your assurance that the Committee has no evidence that our arrangements have prevented the Committee from obtaining the full disclosure sought. I have absolute confidence that those FBI employees participating in our current efforts to assist your Committee are working in good faith and have not inhibited full disclosure. Further, I have required close supervision of this work by superiors and thereby avoided the possibility of an improper decision by any one individual affecting the responses.

Honorable Frank Church

As to the availability of an FBI representative during Committee staff interviews of present or former FBI employees concerning alleged "abuses," I have determined that such no longer will be generally afforded. The subject matters requiring consultation with such witnesses are essentially four: (1) information which identifies or may identify FBI confidential sources; (2) information which may adversely affect on-going FBI investigations; (3) information concerning sensitive methods and techniques; and (4) information obtained from third agencies, including foreign intelligence agencies. Witnesses may be cautioned prior to interview concerning such problem areas and refrain from furnishing the information pending consultation with FBI Headquarters. This modification is effective immediately.

I hope that you will bring this matter to the attention of your staff and that in so doing you also will review the standards of objectivity and impartiality being followed in their interviews to assure protection of individual rights.

Sincerely yours,

Clarence M. Kelley

SELECT COMMITTEE TO  
STUDY GOVERNMENTAL OPERATIONS WITH  
RESPECT TO INTELLIGENCE ACTIVITIES

(PURSUANT TO S. RES. 21, 94TH CONGRESS)

WASHINGTON, D.C. 20510

August 28, 1975

Honorable Edward H. Levi  
Attorney General  
U. S. Department of Justice  
Washington, D. C. 20530

Dear Mr. Attorney General:

I would like to bring to your personal attention a situation which has severely restricted our efforts to establish the relevant facts with respect to one of the areas of alleged abuse which is the subject of inquiry pursuant to S. Res. 21.

I have been informed by the staff that numerous materials which have been requested during the past several weeks which pertain to the FBI's activities with respect to Dr. Martin Luther King, Jr., have been withheld from the Committee by the Department because of concern expressed by Mr. Harry Wachtel, the attorney for the King family and estate, as to the appropriateness of the Department's "disseminating" to the Committee contents of conversations monitored during electronic surveillances of Dr. King.

Upon reviewing the lists of materials requested, I am at a loss to understand how most of those items could conceivably be encompassed by the issues raised by Mr. Wachtel, especially in view of the fact that our letters of request have specifically pointed out that tape recordings and transcripts should not be supplied.

Accordingly, I want to take this opportunity to place the Committee formally on record as reaffirming all of the outstanding requests for materials relating to the King matters, with the limited exception of (1) Mr. DeLoach's August 24 - 27, 1964 memoranda which pertain to the 1964 Democratic National Convention, and (2) those portions of any other requested materials which actually summarize or quote from conversations monitored during any electronic surveillance of Dr. King.

Delivery is requested by Wednesday, September 3, 1975, pursuant to the provisions of the general procedural agreement between the Department and the Committee which governs all Committee requests. I understand that the Bureau has been collecting the King-related materials upon receipt of each of our requests, and therefore I presume that there will be no substantial burden in meeting the September 3 date.

Your cooperation is appreciated.

I am taking the liberty of sending Mr. Wachtel a copy of this request.

Sincerely,

  
Frank Church
